

DR. SWAMINATHAN RAVI

Consultant - Plastic and Reconstructive Surgery

Qualification

MBBS | MS | MCh (Plastic & Reconstructive Surgery) | DrNB

Overview

Dr. Swaminathan Ravi is a highly skilled Consultant Plastic and Reconstructive Surgeon at Manipal Hospitals, Baner, Pune, bringing over 11 years of clinical experience, including more than 3 years of focused expertise in plastic and reconstructive surgery. He earned his MBBS from Smt. Kashibai Navale Medical College & General Hospital, Pune, in 2012, followed by an MS in General Surgery from Tamil Nadu Dr. M.G.R. Medical University in 2018. To further specialise, he completed his DNB and MCh in Plastic Surgery in 2021, equipping him with advanced surgical skills in aesthetic and reconstructive care. Dr. Ravi’s practice covers a wide spectrum of procedures, including cosmetic surgeries, microsurgery, hand and limb reconstruction, burn management, scar revision, and post-traumatic soft tissue repair. His commitment to precision and patient-centric outcomes has helped many patients regain both function and confidence. He has also undergone international training and observerships, including time at Baylor Scott & White Hospital in Texas, where he refined his expertise in microsurgical techniques. Known for his calm demeanour and meticulous surgical approach, Dr. Ravi ensures every patient receives

personalised treatment plans tailored to their condition and aesthetic goals. He believes in combining science with empathy, delivering results that not only restore form and function but also enhance the quality of life. At Manipal Hospitals, Baner, Dr. Swaminathan Ravi is part of a multidisciplinary team, contributing to complex reconstructive cases and elective cosmetic procedures with equal finesse. His blend of academic brilliance, hands-on surgical proficiency, and compassionate care makes him one of the leading plastic surgeons in Pune. Whether it's trauma-related reconstruction or an elective cosmetic procedure, patients trust Dr. Ravi for his ethical, transparent, and results-driven approach.
