

DR. UJJWALLA KESKAR

Consultant - Pediatrics & Child Care

Qualification

MBBS | MD

Overview

Dr. Ujjwalla Keskar is a highly experienced paediatrician associated with Manipal Hospitals, Baner, with over 30 years of clinical experience in managing and treating a wide range of childhood conditions. She completed her MBBS in 1991, followed by an MD in paediatrics in 1995 from the prestigious B.J. Medical College, Pune. Her strong academic background has been the foundation of her long-standing success in paediatric and neonatal care. Throughout her medical career, Dr. Keskar has provided expert care to thousands of children, from newborns to adolescents. Her areas of interest include infant and child nutrition, developmental assessment, immunisation, allergy management, neonatal care, and infectious disease treatment. She is known for her accurate diagnosis, gentle approach with children, and empathetic communication with parents. Apart from her clinical practice, Dr. Keskar has played a significant academic role as an associate professor in leading medical institutions in Pune. She has trained and mentored many upcoming paediatricians, contributing to the growth of the field. Her dedication to public health is evident through her awareness campaigns, especially on childhood diseases

and seasonal illness prevention. She has been featured in educational videos on topics like measles prevention and monsoon care for children. Dr. Keskar is a life member of the Indian Academy of Paediatrics and the Indian Medical Association, keeping herself updated with the latest paediatric practices. Her patients admire her not only for her medical expertise but also for the warmth and reassurance she brings during consultations. At Manipal Hospitals, Baner, Dr. Ujjwalla Keskar continues to be a trusted name in child health, offering holistic care that supports healthy childhood development in a safe and supportive environment.
