

DR. PRABHAKARAN D

Consultant - Orthopaedic Surgery

Qualification

MBBS | DNB | Diploma in Orthopaedics

Overview

Dr. Prabhakaran D is a brilliant orthopaedic surgeon with experience in trauma surgery, sports medicine, and orthopaedic surgery. He is currently employed by Manipal Hospital, where he is renowned for his distinctive method of diagnosing and treating sports-related injuries, arthritis, and joint discomfort. Aiming to reduce pain and restore normal function for his patients, Dr. Prabhakaran's expertise spans the most recent surgical and non-surgical developments, shortening recovery durations. D.r Prabhakaran D has made a name for himself as a reputable authority in the field with a speciality in arthroplasty, sports medicine, cartilage repair, and joint replacement surgery. He uses cutting-edge methods and has a solid awareness of the complexity of joint issues to deliver the best possible results. With his all-encompassing approach, he aims to assist each patient in returning to their preferred activities and sports as soon and securely as possible. Dr. Prabhakaran D is a member of the Indian Arthroscopic Society and the Karnataka Orthopaedic Association, among other notable medical organisations. He also holds several scholarships. His affiliations demonstrate his dedication to remaining current on

orthopaedic medicine's most recent developments and to continuously improve his knowledge and abilities. He is a top Orthopedic Surgeon in Malleshwaram, Bengaluru. Dr. Prabhakaran D has actively participated in several conferences and training sessions during his career, both as a speaker and a participant. The Hip Resurfacing and Revision Hip Conference at HOSMAT Bangalore (2006), the Bangalore Arthroplasty Course in Bangalore (2006 and 2009), and the Ranawat Orthopaedic Conference in Chennai and Bangalore (2009 and 2016) are a few significant events he has participated in. His commitment to continuing education and knowledge exchange within the orthopaedic community is evident from these engagements. Kannada, Hindi, and English are among the languages that Dr. Prabhakaran D speaks with ease, allowing him to interact with patients from a variety of socioeconomic backgrounds and deliver individualised care. Dr. Prabhakaran D is renowned for his caring demeanour and dedication to the well-being of his patients. He places particular emphasis on comprehending the individual needs of every patient. His patient-centred care goes beyond the treatment stage; he stresses the value of patient support and education through recuperation. Dr. Prabhakaran D is a renowned orthopaedic who has made and continues to make substantial advancements in the field of orthopaedics, enhancing the quality of life for his patients and developing knowledge of and solutions for joint disorders. He is a tremendous asset to Manipal Hospital and the orthopaedic community because of his knowledge, commitment, and passion for providing patients with the best care possible. Both his patients and colleagues respect and trust him.
