

DR. GAURAV CHAMANIA

Consultant - ENT

Qualification

MBBS | MS (ENT)

Overview

Dr Gaurav Chamania is a highly experienced Consultant ENT, Head-Neck and Skull Base Surgeon at Manipal Hospitals Baner, Pune, with over 11 years of expertise in advanced ENT care and head and neck cancer surgery. He is recognised for providing comprehensive treatment for complex ear, nose and throat conditions, with a strong focus on head and neck oncology, skull base surgery, and microvascular reconstruction. Dr Chamania completed his MBBS from a well-known Institute of Medical Sciences, followed by MS in ENT from a renowned Government Medical College, Yavatmal. To further refine his surgical skills, he underwent specialised fellowship training in Head-Neck and Microvascular Reconstructive Surgery, and Skull Base Surgery at one of India’s leading cancer institutes. At Manipal Hospitals Baner, Dr Gaurav Chamania offers advanced treatment for head and neck cancer, thyroid disorders, oral cavity tumours, laryngeal cancers, skull base tumours, and complex ENT diseases. His surgical expertise includes major head-neck cancer resections, free flap reconstructions (fibula and radial forearm), endoscopic skull base surgery, pituitary approaches, and advanced otology, rhinology and laryngology

procedures. He follows a multidisciplinary tumour board approach, ensuring personalised and evidence-based treatment plans for every patient. Known for his patient-centric approach, Dr Chamania focuses on achieving optimal functional outcomes while maintaining safety and quality of life. He is actively involved in academic research and has multiple national and international publications to his credit. He is a Life Member of the Association of Otolaryngologists of India and is fluent in English, Hindi and Marathi. Patients seeking the best ENT specialist in Baner, Pune or expert care for head and neck cancer at Manipal Hospitals Baner can trust Dr Gaurav Chamania for precise, compassionate and advanced surgical care.
