

DR. SONY PRIYANKA VELAGALA

Consultant - Emergency Medicine

Qualification

MBBS | DNB (Emergency Medicine)

Overview

Dr. Sony Priyanka Velagala is a highly trained and compassionate Consultant in Emergency Medicine at Manipal Hospitals, Baner. With over 7 years of clinical experience in managing acute and life-threatening conditions, she plays a crucial role in delivering prompt and effective emergency care to patients across all age groups. She completed her MBBS from Rangaraya Medical College, Kakinada, in 2016, followed by a DNB in Emergency Medicine from Manipal Hospitals, Bengaluru, in 2020. Her postgraduate training has equipped her with comprehensive expertise in handling a wide spectrum of emergencies, including trauma, cardiac arrest, respiratory distress, neurological crises, and polytrauma. Her approach is grounded in evidence-based medicine and swift clinical judgment, essential for managing critical situations. Dr. Velagala is especially skilled in advanced cardiac life support (ACLS), trauma life support, airway management, and emergency procedures such as intubation, central line insertion, and point-of-care ultrasound. She ensures rapid triage, accurate diagnosis, and stabilization, leading the emergency team with precision and calmness under pressure. She actively participates in

institutional emergency drills, clinical audits, and training of junior staff and nursing teams to uphold the highest standards of emergency preparedness. Her empathetic communication style ensures that patients and their families are well-informed and supported during high-stress medical situations. Known for her dedication and calm demeanor, Dr. Sony Priyanka Velagala is an invaluable asset to the emergency department at Manipal Hospitals, Baner. Her commitment to patient safety, protocol-based care, and multidisciplinary coordination ensures that every patient receives timely, life-saving treatment when it matters the most.
