

DR. SARANG ROTE

HOD - Neurosciences & Senior Consultant Neurosurgeon

Qualification

MBBS | MS | MCH (Neurosurgery)

Overview

Dr Sarang Rote is a highly distinguished and internationally acclaimed neurosurgeon, currently serving as the Head of Department (HOD) of Neurosciences and Senior Consultant Neurosurgeon at Manipal Hospital, Baner, Pune. With over 23 years of rich clinical experience and an outstanding academic background, Dr Rote stands as a leading pioneer in the field of advanced brain and spine care in Western India. What sets Dr Rote apart is his rare, elite credentials as a dual-trained specialist in both open microscopic neurosurgery and minimally invasive endovascular neurointervention. He has completed highly prestigious clinical fellowships at top-tier global institutions, including Harvard University's Massachusetts General Hospital and the Weill Cornell Medical College in the USA, as well as elite centres in Zurich, Switzerland, and Hannover, Germany. At Manipal Hospital Baner, Dr Rote leverages this world-class training to deliver highly personalized, high-precision treatments. He is exceptionally skilled in performing complex skull base surgeries, microvascular clipping for brain aneurysms, high-risk brain tumour removals, and emergency stroke interventions such as carotid stenting. Utilising state-of-the-art neuro-

navigation systems and keyhole endoscopic techniques, he accesses deep-seated brain tumours through natural pathways, ensuring minimal tissue disruption, reduced post-operative pain, and a much faster return to daily activities. A respected clinical leader and academic, Dr Rote also serves as the Secretary General of the Maharashtra Goa State Neurosurgery Association (MCNS). Committed to patient-centricity and clinical excellence, Dr Rote leads a multidisciplinary team of neurologists and critical care experts at Baner, ensuring that patients facing complex neurological conditions receive the safest, most compassionate, and globally benchmarked medical care.

Fellowship & Membership

- Fellowship in Interventional Neuroradiology (Neurointervention / Endovascular Neurosurgery) – Zurich, Switzerland
- International Visiting Fellowship in Interventional Neuroradiology – Harvard University, Massachusetts General Hospital, Boston, USA
- Visiting Scholar in Interventional Neuroradiology – Hirslanden Klinik, Zurich, Switzerland
- Fellowship in Minimally Invasive Endoscopic Brain & Skull Base Neurosurgery – Weill Cornell Medical College, New York, USA
- Clinical Observership in Endoscopic Neurosurgery – Zurich, Switzerland
- International Visiting Scholar in Cerebrovascular Neurosurgery – Barrow Neurological Institute (BNI), Phoenix, USA
- Observer Fellowship in Cerebrovascular Neurosurgery – Helsinki, Finland
- Visiting Fellow in Skull Base & Cerebrovascular Surgery – University of Washington, Harborview Medical Center, Seattle, USA

Field of Expertise

- Complex Brain Tumors
- Cerebellopontine (CP) Angle Tumors
- Pituitary Tumors
- Skull Base Surgery
- Aneurysm Clipping
- AVM Surgery
- Neurotrauma
- Vascular Bypass Surgery
- Other Neurosurgical Procedures

Languages Spoken

- Marathi
- English
- Hindi
- Bengali

Awards & Achievements

- Secretary General of MCNS (Maharastra Goa state Neurosurgery Association)
