

DR. SATISH MANE

Consultant - Hand & Upper Limb Surgeon

Qualification

MBBS | D - Ortho | Fellow - Hand and Upper Limb Surgery

Overview

Dr. Satish Mane is a highly skilled Hand and Upper Limb Surgeon with over 11 years of experience in diagnosing and treating complex conditions related to the hand, wrist, elbow, and peripheral nerves. He currently serves as a Consultant at Manipal Hospitals, Baner, Pune, where he brings both national and international training to patient care. After completing his MBBS from Government Medical College, Aurangabad, in 2008, Dr. Mane pursued a Diploma in Orthopaedics from the College of Physicians and Surgeons, Mumbai. To further enhance his expertise, he underwent advanced fellowships in Microsurgery, Brachial Plexus Surgery, and Reconstructive Hand Surgery, training at renowned institutions in Japan, Ganga Hospital Coimbatore, and Pune. His areas of specialisation include brachial plexus injuries, peripheral nerve surgeries, complex hand trauma, reconstructive microsurgery, tendon repairs, and joint reconstructions. He is especially known for managing challenging nerve and tendon conditions with precision and an evidence-based approach. Dr. Mane is also an active member of prestigious professional bodies such as the Indian Society for Surgery of the Hand (ISSH) and the Indian

Orthopaedic Association (IOA). His commitment to continuing education and innovation keeps him at the forefront of modern surgical techniques. What sets Dr. Satish Mane apart is his patient-centric approach. He believes in clear communication, tailored treatment planning, and empowering patients through education. His empathetic manner and commitment to restoring function make him one of the most trusted specialists in his field. At Manipal Hospitals Baner, Dr. Mane continues to offer advanced care in upper limb surgery with precision, dedication, and compassion.
