

DR. MANOJ KOLHE

Consultant - Gastroenterology

Qualification

MBBS | DNB Medicine | DrNB Gastroenterology

Overview

Dr. Manoj Kolhe is a dedicated Consultant Gastroenterologist at Manipal Hospitals, Baner, Pune, with over 5 years of experience in managing gastrointestinal, liver, and pancreatic diseases. His expertise covers a wide spectrum of conditions, including gastritis, ulcers, inflammatory bowel disease, liver cirrhosis, hepatitis, and pancreatic disorders. He also specialises in advanced diagnostic and therapeutic endoscopy, helping patients receive accurate and minimally invasive treatments. Dr. Kolhe completed his MBBS from Seth GS Medical College, Mumbai, followed by a DNB in Internal Medicine, and later achieved a DrNB in Gastroenterology. Through rigorous training, he developed a strong foundation in both clinical practice and advanced procedures, making him proficient in handling complex gastrointestinal cases with precision and care. He has also contributed to medical research with publications in reputed journals on rare and challenging gastrointestinal conditions, including pancreatitis and unusual causes of gastrointestinal symptoms. His academic contributions reflect his commitment to advancing knowledge in the field of gastroenterology. Dr Kolhe ensures seamless communication with his patients and their

families, making treatment discussions clear and patient-friendly. He is also an active member of the American Society for Gastrointestinal Endoscopy (ASGE), keeping himself updated with the latest global practices in endoscopy and digestive care. At Manipal Hospitals, Baner, Pune, Dr. Manoj Kolhe offers comprehensive care with a patient-centered approach. His focus lies in accurate diagnosis, effective treatment planning, and the use of advanced technology to ensure better outcomes for patients with digestive and liver diseases.
