

DR. SHILPY DOLAS

Consultant - Breast Surgeon

Qualification

MBBS | MS (General Surgery) | FIBD (Breast Diseases) | International Fellowship (Breast Cancer, Reconstruction & Aesthetic Breast Surgery) | UICC Fellowship (Surgical Oncology) | Fellowship (Breast Oncoplastic Surgery) | IAPS (Pain & Palliative Care)

Overview

Dr. Shilpy Dolas is a highly accomplished Breast Surgeon, a full-time joining doctor at Manipal Hospitals, Baner, Pune, with over 15 years of extensive experience in advanced breast cancer care. She specialises in Breast Surgery and Oncoplastic Breast Surgery, Reconstruction, offering comprehensive treatment solutions that focus on both cancer eradication and aesthetic restoration. Recognised for her patient-centric approach, Dr. Dolas combines clinical precision with compassionate care to deliver optimal outcomes for women diagnosed with breast cancer. Her core expertise includes breast cancer surgeries such as modified radical mastectomy, radical mastectomy, breast conservation surgery, therapeutic mammoplasty, oncoplastic breast surgery, axillary clearance, and sentinel lymph node biopsy. She is also skilled in minimally invasive breast procedures, including VAB (Vacuum Assisted Biopsy), ROLL, and SNOLL techniques, which aid in accurate diagnosis and targeted surgical management. She is also a robotic breast surgeon dealing with familial breast cancers like BRCA-positive

cases. In addition to oncological procedures, she performs cosmetic and reconstructive breast surgeries, helping patients regain confidence after cancer treatment. Dr. Dolas has completed her MBBS from a renowned University and her MS in General Surgery from a well-known University in Pune. She has also pursued advanced Fellowship training in Breast Diseases and cancer. She further enhanced her expertise with an international fellowship in Breast Cancer Reconstruction and aesthetic breast surgery in Marien Hospital, Düsseldorf, Germany, enabling her to adopt globally accepted surgical practices. She also pursued a UICC Surgical Oncology fellowship from an Indian Association of Pain and Palliative Care fellowship in Karnataka. Actively involved in breast cancer awareness, early detection programmes, academic teaching, and clinical research, Dr. Dolas has multiple national and international publications in Poland syndrome, Triple negative breast cancer, Her-2 positive breast cancer treatment, Male breast cancer treatment, and many more to her credit with the completion of 87 cancer screening camps with the Indian Cancer Society and mammography breast cancer detection camps with IMA-PCB Pune. As a trusted breast cancer doctor at Manipal Hospitals Baner, she is committed to delivering evidence-based, personalised breast cancer treatment in Pune, ensuring the highest standards of surgical excellence and patient care.
