

DR. RAVI RAMACHANDRA

Consultant - Plastic Cosmetic and Reconstructive Surgery

Qualification

MBBS | M.S (General Surgery) | M.Ch (Plastic Surgery) | Fellowship in Rhinoplasty (SEOUL)

Overview

Dr. Ravi Ramachandra is a renowned and highly esteemed doctor in the community. His achievements, skills, and commitment to excellence in plastic surgery have granted him a reputation as a capable surgeon. After finishing his MBBS from a prestigious college, he pursued MS in General Surgery at Bangalore Medical College. His ambition to continue progressing his expertise led him to achieve an M.Ch in Plastic Surgery from the famous West Bengal University of Health Sciences Institute. All in all, he has attained 13 years of experience in this field - the last 10 of which are as a specialist. From abdominoplasty and liposuction to body contouring and thoracoplasty, Dr. Ramachandra shows enormous expertise in many areas of plastic surgery. His proficiency allows him to reshape patients' bodies to increase their aesthetic appeal and self-esteem. He also offers variations to reconstruct, reduce, increase, or enhance breast sizes and shapes. With his skills and experience, Dr. Ravi Ramachandra is an expert in plastic reconstruction surgery, plastic surgery, burn surgery, and diabetic foot surgery. One area where Dr. Ramachandra's proficiency shines is diabetic foot surgery. With his specialised

knowledge and experience, he has saved over 1,000 diabetic feet, preventing further complications and improving the quality of life for his patients. As a burn surgeon, Dr. Ravi Ramachandra has treated over 2,000 patients with severe burns and post-burn sequelae. His skill in burn management, including surgical interventions and remedial operations, has substantially impacted the lives of many burn victims. His skills in managing pressure sores have also benefited over 1,000 patients, relieving them and promoting healing. Dr. Ravi is the best plastic and cosmetic surgeon in Millers Road, Bangalore. Dr. Ravi Ramachandra's commitment to advancing his field is evident through his extensive research and publications. He has contributed to the medical community with five national and international journal publications, sharing his knowledge and experiences to benefit fellow surgeons and improve patient outcomes. Dr. Ravi Ramachandra is a remarkable figure who stands out in the medical field for his accomplished work and impressive fluency in diverse languages, from English to Kannada, Hindi, Telugu, Tamil, and Bengali. His vast communication aptitude helps him connect with individuals of vastly different cultures and provides them with clear and accurate medical advice. His commitment to excellence has enabled him to gain widespread admiration from both patients and peers alike. He fervently pursues the latest medical breakthroughs, attending conferences and lectures and reading research papers. His remarkable skill, combined with diligent study, shows his capacity to make a positive change in the lives of his patients, restoring lost confidence with successful surgeries. Dr. Ramachandra's proficiency not only demonstrates his commitment to excellence but also serves to improve the lives of those he touches.
