

DR. SUTANU HAZRA

Senior Consultant - Orthopaedics

Qualification

MBBS | MS (Orthopaedics) | Ex Fellow - Adult Reconstruction (National University Hospital, Singapore)

Overview

Dr. Sutanu Hazra is an esteemed senior consultant in Orthopaedics at Manipal Hospitals, Mukundapur, Kolkata, boasting over 22 years of invaluable experience. Dr. Hazra's academic journey is marked by excellence, having earned his Bachelor of Medicine and Bachelor of Surgery (MBBS) and Master of Surgery (MS) in Orthopaedics from the prestigious Banaras Hindu University in 2000 and 2002, respectively. Seeking to refine his skills further, he pursued a Fellowship in Adult Reconstructive Surgery at the esteemed National University Hospital, Singapore. His professional affiliations underscore his commitment to excellence and ongoing education. As a life member of prominent societies such as the World Orthopaedic Concern, Indian Orthopaedic Association, West Bengal Orthopaedic Association, Indian Medical Association, West Bengal Arthroplasty Society, and Kolkata Arthroscopy and Sports Society, Dr. Hazra remains at the forefront of advancements in his field. Additionally, he is a Member of AO Trauma Asia Pacific, further cementing his dedication to global collaboration and best practices. Dr. Hazra's expertise extends across a wide spectrum of orthopaedic specialities, including adult reconstruction

procedures, spine surgeries, trauma management, and paediatric deformity correction. His reputation as a skilful and compassionate surgeon precedes him, as he is renowned for his adept handling of complex cases. From intricate hip and knee Arthroplasty to delicate pelvic and acetabular fracture fixation, Dr. Hazra's surgical skills are unparalleled. Furthermore, his proficiency in Knee Osteotomy and Arthroscopy adds depth to his repertoire, ensuring comprehensive care for his patients. He is a good orthopaedic doctor in Kolkata. In addition to his clinical expertise, Dr. Hazra's multilingual proficiency in Bengali, English, Hindi, and Telugu enhances his ability to connect with patients from diverse linguistic backgrounds. This linguistic versatility fosters clear communication and a sense of trust and comfort among his patients, further enriching the care experience.
