

DR. AMLAN TAPAN MOHAPATRA

Associate Consultant - Neurology

Qualification

MBBS | DNB Internal Medicine (NBE) | DrNB Neurology

Overview

Dr Amlan Tapan Mohapatra is a Associate Consultant in neurology, with excellent academics, and focuses on patient care with his up-to-date knowledge and experience. With over 6 years of experience in diagnosing and treating and managing a broad spectrum of complex neurological disorders. Dr. Amlan is a neurologist known for clinical excellence, compassionate care, and a commitment to advancing neuroscience. He has a deep commitment to patient-centred care with his polite communication to his patients and family members, and makes them understand the disease very well, and involves them in decision making. He also gets involved in public awareness. Dr. Amlan has expertise in the management of stroke, epilepsy, movement disorders, neuromuscular diseases, and neurodegenerative conditions such as Parkinson’s disease and Alzheimer’s disease. Dr Amlan has completed MBBS from Utkal University, Bhubaneswar. Further, he pursued DNB Medicine at Bokaro General Hospital, NBE, New Delhi. After completing his medical residency, he was trained for another 3 years in neurology under an experienced and renowned neurologist. After this, he pursued advanced neurology training as DrNB Neurology

from Sir Ganga Ram Hospital, New Delhi, one of the prestigious institutes of this country. He had his thesis accepted on stroke. He is well trained in neuroimaging (CT scan, MRI, PET Scan), neurophysiology (Electroencephalography, Nerve conduction studies, electromyography) and neurogenetics. He is also trained in BOTOX, GON block administration and lumbar puncture for various neurological ailments. Dr. Amlan has since held key roles in both academic and clinical settings, contributing to cutting-edge research and delivering personalised, evidence-based care to his patients. Dr. Amlan is an active member of national neurology societies, including the Indian Academy of Neurology and has presented papers at numerous conferences. In addition to patient care, Dr. Amlan is passionate about medical education keeps him up-to-date with advanced and evidence-based neurology. Known for a holistic approach and excellent patient rapport, Dr. Amlan believes in empowering patients and families through clear communication and collaborative decision-making.
