

DR. BANDANA MISHRA

HOD - Pulmonology & Respiratory Medicine

Qualification

MBBS | MD TB and Respiratory Medicine

Overview

Dr. Bandana Mishra is a HOD - Pulmonology & Respiratory Medicine in Gurgaon with over 16 years of extensive experience in the field. She has performed more than 5000 bronchoscopies, including emergency procedures in the ICU and post-operative settings. Dr. Mishra is adept at managing critically ill patients in the ICU and is proficient in all pleural procedures, including medical thoracoscopy. She is the foremost Pulmonologist in Gurgaon. Dr. Bandana Mishra's expertise spans a wide range of pulmonary bacterial infections and treatments, such as interventional pulmonology, sleep medicine, allergy and immunotherapy, asthma, chronic obstructive pulmonary disease (COPD) and long-term oxygen therapy (LTOT), sleep and non-invasive ventilation (NIV), lung cancer, and the latest advances in tuberculosis treatment. Dr. Mishra has a commendable list of achievements. She successfully completed the Advanced Sleep Medicine Course from the Indian Sleep Medicine Disorder Association (ISDA) and is certified in critical care medicine and the management of sepsis in critically ill patients. She has organised hands-on workshops on bronchoscopy, EBUS, and medical thoracoscopy as a faculty member and participated

in the TB-free Haryana project at Medanta Hospital, Gurugram. Dr. Mishra is a life member of the Chest Council of India (CCI) and the National College of Chest Physicians (NCCP). She has been honoured with Certificates of Appreciation by Haryana Pulmocon (Indian Chest Society) in 2019, 2020, and 2021 consecutively. Our Senior Pulmonologist in Gurgaon Dr. Bandana Mishra, is robust and diverse, with an MBBS from Patna Medical College and an MD in Respiratory Medicine from S.P. Medical College, Bikaner, Rajasthan Medical University, Jaipur. Dr. Mishra has been associated with several prestigious institutions, including Artemis Hospital, Gurugram, Medanta Hospital, Gurugram, and VPS Medeor Hospital, Manesar. Her areas of expertise include ventilatory management of critically ill patients, interstitial lung disease, bronchiectasis, lung infections including tuberculosis, pulmonary thromboembolic disease, sleep study (polysomnography), and adult vaccination. Dr. Bandana Mishra's dedication to pulmonology and extensive experience make her a highly respected figure in the medical community. Her commitment to patient care and her contributions to the field through education and hands-on training underscore her role as a leader in pulmonology.
