

DR. CHARIT BHOGRAJ

Consultant - Cardiology

Qualification

MBBS | MD | DM

Overview

Dr. Charit Bhograj is considered to be the best doctor for cardiology in Bangalore. He is currently associated with Manipal Hospitals, Millers Road, Bangalore, as a consultant in Cardiology. He has collected expertise over two decades and has treated the most complicated cardiac cases. Dr. Bhograj was honoured in 2010, in New Delhi, by the National Board of Examinations. He has about 21 years of experience and has spent 13 of those as a specialist. His rich educational background starts with him completing his MBBS from Al Ameen Medical College at Bijapur in Karnataka in 2001. The Jawaharlal Nehru Medical College at Belgaum awarded him his MD in General Medicine in 2005. In 2009, he completed his DM in Cardiology from Sri Ramchandra University in Chennai. He provides a variety of services, including heart transplants, chronic total occlusions, and ASD/VSD Device Closure. He also knows Percutaneous Valve Replacement and Pulmonary Function Tests (PFTs) like the back of his hand. He specialises in various cardiological fields, such as complex coronary interventions, advanced heart failure management, adult interventional cardiology, non-invasive cardiology, advanced cardiac

imaging, and basic and applied cardiac research. He treats chest pain and arrhythmia and is an expert at open-heart surgery. He makes his services accessible to patients by speaking English, Hindi, and Kannada, making sure to gently let the patient or the patient's family know about the status of treatment with utmost care and delicacy. Dr. Charit Bhograj is an esteemed representative of the Cardiology Society of India and the Indian Society of Echocardiography. He was also a member of the European Society of Cardiology and the Association for Acute Cardiovascular Care. Apart from being an astounding doctor, his skills include medical writing, with contributions to many articles on healthcare being published in the form of soft and hard copies. Dr. Bhograj's work is studied by students in several textbooks, and his research papers are cited in many student projects and research articles. Dr. Bhograj has also hosted talks and seminars about heart health and is referred to as the best in his field. Dr. Charit Bhograj is known for his extensive expertise of over two decades that he has gained from work in this field as a heart specialist and his rich educational background.
