

DR. SYED IMRAN

Consultant - Orthopaedic & Arthroscopy & Joint Replacement Surgery

Qualification

MBBS, D Ortho | DNB Orthopaedic surgery | Fellowship in Joint Replacement | Fellowship in Revision Joint Replacement (Germany)

Overview

Dr. Syed Imran is an experienced orthopaedic surgeon in Bangalore. He is currently practising as a Consultant - Orthopaedics, Joint Replacement and Arthroscopy at Manipal Hospital Millers Road. With vast clinical expertise and specialised training in advanced joint replacement and arthroscopic procedures, Dr. Syed provides comprehensive orthopaedic care to patients across all age groups. His clinical portfolio includes the management of trauma cases, ranging from common fractures to complex polytrauma, geriatric fractures, non-union of bones, and cases requiring orthofix or specialised fracture management systems. He holds an MBBS from Dr. B. R. Ambedkar Medical College, Bengaluru; an D'Ortho from JSS Medical College, Mysore; and a DNB in Orthopaedic Surgery from Al-Shifa Hospital, Kerala. He also obtained Fellowships in Arthroplasty (India) and Revision Arthroplasty (Endo Klinik, Germany). His medical background is reinforced by a focus on precision surgery, minimally invasive techniques, and a patient-centric approach to musculoskeletal health. He brings academic rigour and mentorship into his clinical practice, continuously contributing to the advancement of orthopaedic science

and practice. Dr. Imran specialises in robotic joint replacement, total knee and hip arthroplasty, navigated total knee replacement, and unicondylar (partial) knee replacement. He is also proficient in revision surgeries for failed or previously implanted joints, including complex revision hip and knee replacements. His expertise further extends to total and reverse shoulder replacements, offering patients with debilitating joint conditions life-changing outcomes. Dr. Imran also performs joint preservation procedures for younger patients with early degenerative changes, thereby delaying the need for joint replacement. In addition to joint replacement, Dr. Imran has extensive experience in arthroscopy, particularly in performing ACL reconstruction, meniscal repair, and other ligamentous and cartilage preservation procedures, including abrasive chondroplasty and microfracture surgeries. These minimally invasive techniques help restore joint function with quicker recovery times and reduced postoperative complications. His ability to simplify complex orthopaedic conditions and guide patients through treatment and recovery builds strong doctor-patient trust. At Manipal Hospital Millers Road, Dr. Imran is known for his meticulous surgical technique and clear communication. He takes a collaborative approach, working closely with a multidisciplinary team that includes physiotherapists, pain management experts, and rehabilitation specialists. He prioritises patient comfort and safety in both surgical and non-surgical care. Dr. Imran has also been actively involved in teaching medical students and postgraduate trainees. Dr. Syed Imran speaks English, Hindi, and Kannada, enabling seamless interaction with a diverse patient population.

Fellowship & Membership

- Indian Society of Hip and Knee surgeons
- Member of National Academy of Medical sciences

Field of Expertise

- Robotic Joint Replacement
- Total knee Replacement
- Navigated Total Knee Replacement
- Uni condylar Knee replacement
