

DR. HEMANTH G N

Consultant - Surgical Oncology & Robotic Surgery

Qualification

MBBS | MS | MCh

Overview

Dr. Hemanth G N is one of the best surgical oncologists in Bangalore, with over 12 years of experience in surgical oncology, robotic surgery, and minimally invasive cancer surgery. He is currently practising as a Consultant – Surgical Oncology & Robotic Surgery at Manipal Hospital Old Airport Road. Dr. Hemanth specialises in the surgical management of gastrointestinal, thoracic, breast, gynaecological, and peritoneal cancers, with advanced expertise in robotic, laparoscopic, and organ-preserving cancer surgeries. His extensive experience in complex oncological procedures and evidence-based multidisciplinary cancer care has established him as a trusted specialist for advanced cancer treatment. Dr. Hemanth G N completed his MBBS from J.J.M. Medical College, Davangere, followed by an MS in General Surgery from Gauhati Medical College, Assam. He subsequently earned his MCh in Surgical Oncology from St. John's Medical College Hospital, Bengaluru, where he underwent comprehensive training in the management of complex solid organ malignancies. To further strengthen his expertise, he completed advanced international training in laparoscopic upper gastrointestinal surgery at Seoul National University Hospital, South

Korea; peritoneal surface malignancy and cytoreductive surgery through the European Society of Surgical Oncology (ESSO); Uniportal Video-Assisted Thoracoscopic Surgery (VATS) at Fondazione Policlinico Universitario Agostino Gemelli IRCCS, Rome; and Pressurised Intraperitoneal Aerosol Chemotherapy (PIPAC) at the National University Hospital, Singapore. At Manipal Hospital Old Airport Road, Dr. Hemanth performs a wide range of advanced oncological procedures, including robotic and laparoscopic surgery for gastrointestinal, thoracic, colorectal, breast, and gynaecological cancers. His clinical expertise includes cytoreductive surgery (CRS), Hyperthermic Intraperitoneal Chemotherapy (HIPEC), breast conservation surgery, sentinel lymph node biopsy, oral and head & neck cancer surgery, and advanced minimally invasive thoracic oncology procedures. Recognised among the best surgical oncologists in Bangalore, he has a special interest in managing peritoneal surface malignancies and complex gastrointestinal cancers using organ-preserving and precision surgical techniques. Dr. Hemanth G N is actively involved in academic research, innovation, and surgical education. He has authored over 10 peer-reviewed publications and serves as a reviewer for leading oncology journals, including the Indian Journal of Surgical Oncology. He has also pioneered a novel surgical modification to reduce delayed gastric emptying following Whipple's pancreaticoduodenectomy, reflecting his commitment to improving surgical outcomes through innovation. His academic contributions, international training, and patient-focused approach continue to strengthen his reputation as one of the best surgical oncologists in Bangalore. As a Fellow of the European Board of Surgery in Surgical Oncology and a member of prestigious organisations including the Association of Surgeons of India (ASI), the Indian Association of Surgical Oncology (IASO), and the European Society of Surgical Oncology (ESSO), Dr. Hemanth remains at the forefront of advances in cancer surgery. Fluent in English, Kannada, Hindi, Telugu, Assamese, and Marathi, he ensures personalised communication and

compassionate guidance for patients and families throughout every stage of cancer treatment.
