

DR. PRATIK AGARWAL

Consultant - Orthopaedics

Qualification

MBBS | MS(ORTHO) | DNB(ORTHO)

Overview

Dr. Pratik Agarwal, a Consultant Orthopaedic Surgeon at Manipal Hospitals, Siliguri, brings over 9 years of clinical expertise in advanced orthopaedic care, offering specialised treatment for a wide range of musculoskeletal conditions. An alumnus of reputed institutions, Dr. Agarwal completed his M.B.B.S. in 2013, followed by an M.S. in Orthopaedics in 2017, and earned a DNB in Orthopaedics in 2018. To further refine his surgical skills, he underwent an intensive long-term fellowship in Joint Replacement Surgery. Currently serving as a Consultant at Medica Hospital, Siliguri, Dr. Agarwal is known for his patient-centric approach and evidence-based treatment strategies, particularly in managing joint arthritis and degenerative joint diseases. His core areas of clinical expertise include simple and complex trauma surgeries, arthroscopic (keyhole) ligament reconstructions, total hip and knee replacement surgeries, spine surgeries, bone and soft tissue tumour management, deformity correction, and infection control in orthopaedics. With a robust portfolio of research papers published in leading orthopaedic journals and presentations at prestigious national and international conferences, Dr. Agarwal remains at the forefront of

orthopaedic innovation and clinical excellence. He is committed to restoring mobility and improving quality of life for patients through state-of-the-art surgical techniques, minimally invasive procedures, and comprehensive rehabilitation protocols. Dr. Pratik Agarwal’s name is synonymous with compassionate care, surgical precision, and long-term outcomes, making him one of the most trusted orthopaedic doctors in Siliguri. Whether it is advanced joint replacement, complex trauma, or minimally invasive ligament repair, Dr. Agarwal ensures that every patient receives world-class care tailored to their individual needs.
