

DR. GURURAJ BIRADAR

Consultant - Pediatrics, PICU, and Neonatology

Qualification

MBBS | MD

Overview

Dr. Gururaj Biradar is an expert Paediatrician and Neonatologist having rich experience of more than 20 years. He is well-known in medicine for his expertise in complex surgical procedures like paediatric heart surgeries, arterial switch operations, and coarctation of the aorta surgery. Dr. Gururaj Biradar is one of the best paediatricians in Bangalore. It's even more difficult to perform these surgeries on children and infants, but he is skilled in the field. He is currently associated with the Manipal Hospitals in Whitefield in Bangalore, Karnataka. He is the Consultant in Paediatrics, PICU (paediatric intensive care unit), and Neonatology at the hospital. Dr. Gururaj studied at the Rajiv Gandhi University of Health Sciences for his MBBS. After graduating in 2003, he registered with the Karnataka Medical Council in the same year. He did an MD (Doctor of Medicine) in Paediatrics from the Bangalore Medical College and Research Institute. He won the 'Best Outgoing Student' award during his postgraduate education. After completing his education, he worked as a Junior Resident at the Bangalore Medical College for 3 years. He got a fellowship in the field of Neonatology at St John's Medical College in

2008. He also has a fellowship from the same college in Paediatric Intensive Care. He gained experience treating children with asthma, epilepsy, and dengue fever. He is skilled at managing PICU, an intensive care unit for children and infants. Dr. Biradar is the best neonatologist in Whitefield, Bangalore. Dr. Gururaj Biradar has worked at the Sakra World Hospital as a Consultant for a few years. He completed another fellowship in Paediatric Intensive Care from the King's College Hospital in London in 2014. He learnt how to treat children having severe head injuries and use a high-frequency ventilator. He got the experience of working in a NICU at the Royal College of Paediatrics and Child Health. He is trained in Paediatric Dialysis and knows about managing acute liver failure, fits, and severe infections in children. He has a fellowship in Neonatology offered by St George's Hospital in London. At that hospital, he treated preterm babies just over 20 weeks old and weighed 300 gms or a little above that. He has worked at the famous Narayana Hrudayalaya in Bangalore as a fellow in Paediatric Intensive Care. He has treated newborn babies suffering from septic shock, pulmonary hypertension, and allergies. He has also worked at the LH Bidri DNB Institute as a Senior Resident for one year in their department of Paediatrics.
