

DR. SANTHOSH N.S

Consultant - Neurology

Qualification

D.M, Neurology (Mumbai) | DNB Neurology (PGI Chandigarh) | A 1-year Post-Doctoral Fellowship course in Epilepsy (PDF in Epilepsy- NIMHANS)

Overview

Dr. Santhosh N.S. is an experienced neurologist in Bangalore. He is currently practicing at Manipal Hospital Whitefield, Bangalore, as a Consultant - Neurology. With advanced qualifications in neurology, including a DM in Neurology from Topiwala National Medical College, Mumbai, and a DNB in Neurology from PGI Chandigarh, Dr. Santhosh is highly experienced in the diagnosis and treatment of neurological disorders. His specialized focus is on Epilepsy, particularly in managing pediatric and adult refractory epilepsy patients. Dr. Santhosh has also completed a Post-doctoral Fellowship in Epilepsy from NIMHSD, further enhancing his expertise in this critical field of neurology. He is a Top Neuro Doctor in Whitefield. With a career dedicated to improving patient outcomes, Dr. Santhosh has extensive experience in managing various neurological conditions like Epilepsy, Headache, Alzheimer’s Disease, Stroke, Nerve Disorders, and Aneurysm. He has demonstrated excellence in patient care, especially in treating complex cases of epilepsy and neurological disorders. Dr. Santhosh is known for his positive and proactive approach to healthcare, striving for clinical excellence through his vast knowledge and skills. Moreover, Dr.

Santhosh is actively involved in academic research, having presented multiple papers and case studies at national and international conferences. His work includes significant contributions to the understanding of epilepsy and neurological emergencies, with several research publications in reputed medical journals. Throughout his career, he has been committed to teaching and guiding medical students and junior doctors, imparting his knowledge in pediatric and adult neurology. His expertise extends to performing various neurological procedures, including EEG, EMG, and nerve conduction studies. Dr. Santhosh is also involved in clinical trials related to epilepsy, multiple sclerosis, and Parkinson's disease. His clinical acumen and dedication to advancing neurological care make him a highly respected consultant in his field. Being multilingual, he is fluent in English, Hindi, Telugu, and Kannada and can effectively communicate with a diverse range of patients and their families, ensuring comprehensive care and support for those facing neurological challenges.
