

DR. MANJUNATH T

Consultant - Critical Care Medicine

Qualification

MBBS | MD | FNB - CCM | EDIC | PGDMLE

Overview

An intensivist dedicated to the comprehensive care of critically ill patients. Armed with extensive knowledge in anesthesiology, and critical care medicine and expert physician trained to manage complex and life-threatening conditions with meticulous monitoring, diagnosis, and treatment of patients in intensive care units (ICUs) and other critical care settings. He is a foremost critical care medicine specialist in Bangalore. Being an intensivist, Dr. Manjunath T excels in making rapid, informed decisions in high-pressure and stressful environments along with collaborating closely with multidisciplinary healthcare teams, including nurses, respiratory therapists, and other specialists, to provide seamless and holistic care. Intensivists are skilled in utilizing advanced medical technologies and procedures to stabilize patients, manage organ failure, administer life-saving interventions, and guide families through challenging medical situations. Dr. Manjunath T is a compassionate and dedicated intensivist who not only possesses exceptional medical skills but also demonstrates remarkable interpersonal abilities to communicate effectively with patients and their families, explaining complex medical situations in a clear and

empathetic manner. He plays a pivotal role in the healthcare system, ensuring the best possible outcomes for critically ill patients while upholding the highest standards of medical care and ethical conduct.
