

DR. MADHUKAR KRISHNAMURTHY

Consultant - Radiology

Qualification

MBBS | MD

Overview

Dr. Madhukar Krishnamurthy is a well-known Consultant – Radiology at Manipal Hospital Whitefield, Bangalore. Dr. Madhukar Krishnamurthy boasts over 18 years of experience in both diagnostic and interventional radiology. Dr. Madhukar is adept in a range of special investigations, including Barium Studies, Intravenous Urogram (IVU), Retrograde Urethrogram (RGU), Micturating Cystourethrogram (MCU), and other double contrast procedures. His expertise also includes Computer Radiography for routine and bedside portable imaging in critical care settings. With a keen interest in emerging technologies, he stays at the forefront of advancements in his field, particularly in the areas of Musculoskeletal MRI, Neuro MR Suite Applications, and Vascular and Non-vascular Interventions. He is the foremost Consultant Radiologist in Whitefield. Dr. Madhukar Krishnamurthy has built a robust medical foundation with an MBBS from Bangalore Medical College and MD - Radiodiagnosis from the Post Graduate Institute of Medical Education and Research (PGIMER). His training and experience extend across multiple advanced imaging techniques, including the use of 256-slice cardiac CT and 3T MRI for diagnostic purposes, as well

as Digital Mammography. Dr. Madhukar has been an active participant in academic forums, delivering multiple talks at monthly Radiology Nights organized by the Kuwait Medical Association and earning recognition as the best presenter at the Meeting of the Minds by Dar Al Shifa Imaging Science Institute in 2018. Dr. Madhukar's field of expertise encompasses a wide range of radiological specialities, including diagnostic and interventional radiology, CT and MRI imaging, ultrasound diagnostics, and conventional radiology procedures. He is also well-versed in interventional procedures, with a particular focus on non-vascular interventions and pain management. Dr. Madhukar's extensive experience in cardiovascular radiology, particularly in coronary CT angiography, has been a defining aspect of his work, with his thesis on CT coronary angiography being the first of its kind in India between 2004 and 2006. Dr. Madhukar is a member of the Indian Radiological and Imaging Association (IRIA) and the Indian Society of Vascular and Interventional Radiology (ISVIR), further reflecting his dedication to professional growth and knowledge sharing within the medical community. He remains committed to delivering cutting-edge diagnostic and interventional care to his patients.

Fellowship & Membership

- Member of IRIA and ISVIR

Field of Expertise

- Experience in both diagnostic and Interventional radiology
- Experience in handling the latest 256 slice Dual-source CT SCANS with a special focus on Coronary CT angiography
- Experience in handling the latest 3T MRI scans with a special focus on the Musculoskeletal Neurology suite and Cardiovascular applications

- Experience in handling the latest Ultrasound machines for both diagnostic and interventional procedures
- Conventional radiology procedures including Radiographs and fluoroscopy

Languages Spoken

- English
- Hindia
- Kannada

Awards & Achievements

- Gold medals in Biochemistry and Microbiology during MBBS course
- University Bronze Medal for Excellence in the Academic year of 2006 for MD in Radiodiagnosis
- First thesis on CT coronary angiography in India between 2004-06

Talks & Publications

- Multiple talks on a monthly basis at Radiology Nights organized by the Kuwait Medical Association
- Best presenter at Meeting of the Minds organized by Daralshifa Imaging Science Institute in 2018
