

DR. ROHIT KHANDELWAL

Consultant – Paediatrics

Qualification

MBBS (Gold Medalist) | MD (Paediatrics) | PGPN (Boston University, Massachusetts, U.S.A.) | IPAVTC (International Paediatric Association)

Overview

Dr. Rohit Khandelwal is a highly experienced paediatrician in Bangalore, currently practising as Consultant – Paediatrics at Manipal Hospital Whitefield. With extensive clinical experience of over 15+ years, Dr Rohit brings a wealth of knowledge, compassion, and dedication to paediatric healthcare. After completing his MBBS with a Distinction and Gold Medal, he pursued his post-graduation - MD in Paediatrics from Government Medical College, Amritsar. He has also earned international certifications, including a Post-Graduate Program in Paediatric Nutrition (PGPN) from Boston University, Massachusetts, and the IPA Vaccine Trust Course by the International Paediatric Association. He is a top paediatrician in Whitefield. Dr. Khandelwal is recognised for his expertise in handling a wide spectrum of paediatric conditions, ranging from normal childhood illnesses to complex emergencies and chronic disorders. He excels in managing neonatal jaundice, feeding difficulties, and infections, as well as common childhood ailments including respiratory allergies, bronchial asthma, ear infections, tonsillitis, gastrointestinal issues, seizure disorders, epilepsy, and developmental delays. His care also extends to

paediatric endocrinology, nutrition, paediatric critical care, immunisation, and post-vaccination care. In addition to his clinical practice, Dr. Khandelwal is actively involved in academia. He holds the position of Professor – Department of Paediatrics at Vydehi Institute of Medical Sciences and Research Centre. His teaching experience spans NEET PG, FMGE, and DM entrance coaching, having mentored students across multiple leading platforms. He has also served as faculty in various paediatric workshops and CMEs on neonatal resuscitation, paediatric critical care, asthma management, and infectious diseases. Dr. Khandelwal has a distinguished record of research, with numerous publications in national and international peer-reviewed journals. His areas of research interest include febrile seizures, dengue complications, thyroid dysfunction in thalassaemia, cerebral palsy, microcephaly, and endocrine disturbances in children. He has also authored several chapters in paediatric textbooks, including topics on pneumonia and central nervous system disorders. His academic contributions and clinical acumen have earned him accolades at multiple conferences and scientific forums. A life member of both the Indian Academy of Paediatrics (IAP) and the Indian Society for Paediatric and Adolescent Endocrinology (ISPAE), Dr. Khandelwal is deeply committed to the advancement of paediatric medicine in India. He is also certified in Basic Life Support (BLS) and Paediatric Advanced Life Support (PALS) and has been an active trainer in workshops on the Asthma Training Module for wheezing and asthma in children and paediatric resuscitation. Dr. Rohit Khandelwal is compassionate and friendly to kids and has expertise in handling the paediatric age group who come for consultations. His calm demeanour and evidence-based practice make him a trusted paediatrician in Whitefield, Bangalore. Fluent in English, Hindi, Kannada, Punjabi, and Bengali, Dr. Khandelwal effectively communicates with families from diverse backgrounds and ensures they feel informed and supported throughout the care journey. His broad clinical capabilities, academic leadership, and compassionate care continue to enrich the paediatric department at Manipal Hospital

Whitefield.
