

DR. PRIYA S

Associate consultant - surgical oncology

Qualification

MBBS | MS (Gen surgery) | MCH Surgical Oncology

Overview

Dr. Priya S is a surgically proficient oncologist in Whitefield with advanced training in complex cancer procedures and robotic-assisted surgery. She is currently practising as an Associate Consultant – Surgical Oncology at Manipal Hospital Whitefield, Bangalore, bringing over 12 years of cumulative clinical and surgical experience across general surgery and super-speciality oncology care. With qualifications including MBBS, MS in General Surgery, and MCh in Surgical Oncology, Dr. Priya S has developed a strong foundation in both conventional and advanced oncologic surgery. Her academic journey is marked by distinction, including a Gold Medal in MS General Surgery and a top university rank in MCh Surgical Oncology, reflecting both technical depth and consistent academic performance. Her clinical practice focuses on the surgical management of a wide range of malignancies, with particular expertise in breast surgery, including oncoplastic breast procedures, where tumour removal is combined with aesthetic reconstruction principles. She is also experienced in head and neck oncology, including thyroid surgeries, where precision and anatomical preservation are essential for functional outcomes. Her expertise in

these areas contributes to her recognition as one of the best surgical oncologists in Whitefield for structured and comprehensive cancer surgery. Dr. Priya S has extensive experience in gastrointestinal and oncologic surgeries, including open gastrectomies, hemicolectomies, staging laparotomies, and cytoreductive surgeries combined with HIPEC. These procedures are often performed in carefully selected cases of advanced or metastatic disease, requiring detailed preoperative planning and multidisciplinary coordination. She also manages gynaecologic and urologic oncology cases, performing procedures such as hysterectomies, surgeries for ovarian malignancies, penectomy, and inguinal lymph node dissection (ILND). Her structured surgical approach and ability to handle varied oncologic cases position her among the best surgical oncologists in Whitefield for complex operative care. Her experience further extends to high-complexity oncologic procedures, including pancreaticoduodenectomy (Whipple's procedure) and retroperitoneal lymph node dissection (RPLND), performed under guided surgical settings. She is also trained in robotic surgery using the Da Vinci system, with certification as a console surgeon. Her exposure includes robotic-assisted hysterectomy, gastrectomy, and hemicolectomy, along with assisting in advanced robotic breast and thyroid procedures, allowing for minimally invasive approaches with improved precision and recovery outcomes. In addition to her surgical work, Dr. Priya S has contributed to academic research and conferences, including presentations at NATCON 2024 and the Indian Cancer Congress 2023. Her publication on imaging modalities in ovarian cancer reflects her engagement with evidence-based oncologic care and evolving surgical practices. Fluent in English, Kannada, Hindi, Tamil, and Telugu, she communicates effectively with patients and families, ensuring clarity in surgical planning and treatment decisions. At Manipal Hospital Whitefield, she offers structured, patient-focused cancer care, combining surgical precision with multidisciplinary coordination for optimal outcomes.

Fellowship & Membership

- Robotic Da. Vinci console surgeon certification
