

DR. RESHU SARAOGI

Consultant - Obstetrics & Gynaecology

Qualification

MS (Obs &Gyn) | FMIS (fellowship in minimal invasive surgery in Gynecology)

Overview

Dr. Reshu Saraogi is an accomplished Consultant in Obstetrics & Gynaecology at Manipal Hospital Whitefield, Bangalore. With extensive training and experience in gynaecological laparoscopy, infertility management, and reproductive medicine, Dr. Reshu Saraogi has emerged as a top gynaecologist in Whitefield, known for her patient-centred care and innovative approach to women's health. She is a Top Gynaecologist In Whitefield, Bangalore. Dr. Reshu Saraogi began her medical journey by earning her MBBS from PSG Institute of Medical Sciences and Research, Coimbatore. She pursued an MS in Obstetrics and Gynaecology at the University College of Medical Sciences & Guru Teg Bahadur Hospital, Delhi, where she honed her clinical and surgical skills. Her dedication to furthering her expertise led her to achieve a Fellowship in Minimal Invasive Surgery (FMIS) at Dr. Ramesh Hospital, Bangalore. She completed a certificate course on Ultrasound in Infertility at Dr. Nagori's Institute of Ultrasound and Infertility, Ahmedabad, enriching her skill set in managing complex infertility cases. With her advanced training, Dr. Reshu Saraogi has performed and assisted in a wide array of gynecological laparoscopic surgeries.

These include the Laparoscopic Management of Ectopic Pregnancies, Myomectomies (for large and multiple fibroids), Total Laparoscopic Hysterectomies (for uteruses as large as those in a 28-week pregnancy), and Fertility-enhancing Surgeries. Her expertise extends to treating Endometriosis, performing Ovarian Cystectomies, Tubal Ligation, Recanalization, and Varicocele Ligation for Male Infertility. Dr. Reshu Saraogi is also adept in diagnostic and operative hysteroscopic procedures, including Septal Resection, Adhesiolysis, Transcervical Resection of the Endometrium (TCRE), and vaginal hysterectomies with Biclamp. She has assisted and performed urogynecological procedures like minimally invasive sling surgeries for stress urinary incontinence, laparoscopic sacrocolpopexy for vault prolapse, and mesh repairs for conditions like cystocele and rectocele. Dr. Saraogi is also well-versed in managing both male and female infertility cases with significant experience with ovulation induction protocols used in IUI, IVF, and ICSI and can conduct all necessary gynecological and infertility-related ultrasounds. She is adept at managing high-risk obstetric cases, ensuring the best possible outcomes for her patients alongside compassionate and comprehensive care to her patients.
