

DR. S. JAISHILPA

Consultant - Radiology

Qualification

MD (Radiodiagnosis) | FRCR (UK)

Overview

Dr. S. Jaishilpa is a highly skilled and internationally trained radiologist in Yeshwanthpur with expertise in cross-sectional imaging. She is currently practising as a Consultant – Radiology at Manipal Hospital Yeshwanthpur, Bangalore, bringing over 10 years of clinical experience in diagnostic radiology, with focused expertise in CT, MRI, and gastrointestinal imaging. Dr. S Jaishilpa completed her MBBS from Sri Devaraj Urs Medical College, followed by MD in Radiodiagnosis from Sri Ramachandra Medical College, Chennai, where she underwent structured training across multiple imaging modalities, including ultrasound, CT, MRI, and interventional radiology basics. Her academic journey was further strengthened by earning the FRCR (UK) from the Royal College of Radiologists, reflecting a high standard of training aligned with international radiology practices. She also pursued a fellowship in cross-sectional imaging with a focus on gastrointestinal imaging in the United Kingdom, which enhanced her expertise in interpreting complex abdominal and pelvic pathologies. Her clinical experience spans a broad spectrum of diagnostic radiology, with particular strength in cross-sectional imaging. She is proficient in

reporting CT and MRI scans across neurological, abdominal, musculoskeletal, and oncological domains. Gastrointestinal imaging remains a key area of her interest, where detailed imaging plays a crucial role in diagnosing inflammatory conditions, hepatobiliary disorders, and malignancies. Her ability to correlate imaging findings with clinical scenarios allows for accurate diagnosis and meaningful guidance in treatment planning. This depth of experience contributes to her recognition as one of the best radiologists in Yeshwanthpur for CT and MRI-based diagnostic evaluation. Over the years, Dr. Jaishilpa has worked across varied clinical settings, including tertiary hospitals and diagnostic centres, gaining experience in both high-volume routine imaging and complex case interpretation. Her role has involved independent reporting of radiographs, ultrasound, CT, and MRI, as well as collaboration with clinicians across specialties to support timely and precise decision-making. In addition to clinical work, she has contributed to academic discussions and presentations within the field of radiology. She has presented papers and posters at national conferences such as IRIA and specialised imaging CMEs, with topics including musculoskeletal imaging and high-frequency ultrasound applications. She has also delivered guest lectures and participated in refresher courses, reflecting her ongoing involvement in academic learning and professional development. Dr. Jaishilpa is a member of professional bodies, including the Radiological Society of North America (RSNA) and the Indian Radiological and Imaging Association (IRIA), ensuring her practice remains aligned with current imaging standards and evolving diagnostic protocols. Her international exposure, combined with consistent clinical practice, strengthens her role in delivering high-quality radiological services. Her expertise in CT and MRI, particularly in gastrointestinal imaging, makes her one of the best radiologists in Yeshwanthpur for patients requiring precise and clinically relevant diagnostic evaluation. She communicates effectively in English, Kannada, and Tamil, allowing her to engage comfortably within a diverse clinical environment.
