

DR. MUBASHSHIR KHAN

Consultant - Neonatology

Qualification

MBBS (BJ Medical College, Pune) | MD - Paediatrics (Bharti Vidyapeeth University)

Overview

Dr. Mubashshir Khan is a highly skilled and compassionate Consultant Neonatologist at Manipal Hospital Baner, Pune. With over 17 years of medical experience, including a decade dedicated to neonatal intensive care, Dr. Khan is recognised for his commitment to providing advanced, evidence-based care for newborns, especially those born premature or with critical health conditions. He completed his MBBS from the prestigious BJ Medical College, Pune, followed by an MD in Paediatrics from Bharati Vidyapeeth Medical College. To further specialise in neonatal medicine, he pursued a Fellowship in Neonatology at GS Medical College & KEM Hospital, Mumbai, one of India’s top institutes for paediatric and neonatal training. Dr. Khan is adept at managing extremely low birth weight and critically ill newborns, offering comprehensive support such as ventilatory care, neurodevelopmental follow-up, and infection management. His clinical approach emphasises minimal intervention, compassionate counselling for parents, and long-term developmental outcomes for infants. At Manipal Hospital Baner, he plays a pivotal role in delivering top-quality neonatal care, ensuring that both babies and their families receive the

highest standards of treatment and support. Dr. Khan is also actively involved in newborn nursing education and implementing baby-friendly hospital practices. He is known for his clear communication, patient-centric care, and deep empathy. Parents value his calm demeanour, thorough explanations, and holistic approach to newborn health. Whether it's a routine check-up or specialised neonatal intervention, Dr. Mubashshir Khan’s expertise makes him a trusted choice for paediatric and neonatal care in Pune. He is available for consultations at Manipal Hospital Baner, with both in-person and online booking options.
