

## **DR. PRASAD BIWARE**

HOD and Consultant - Internal Medicine

### **Qualification**

MBBS | MD (Medicine)

### **Overview**

Dr. Prasad Biware is the Head of the Department and a Senior Consultant in Internal Medicine at Manipal Hospital, Baner, Pune. With over 27 years of medical experience, including more than 20 years as a specialist, Dr. Biware is a well-respected figure in his field, known for his comprehensive and compassionate approach to patient care. He earned his MBBS and MD in General Medicine from Dr. Baba Saheb Ambedkar Marathwada University, where he was a postgraduate topper. Dr. Biware's expertise covers a wide range of internal medicine disciplines, including diabetes management, hypertension, asthma, COPD, thyroid disorders, infectious diseases, toxicology such as snake bites and poisoning, rheumatology, and dermatology. In addition to his clinical excellence, Dr. Biware is deeply committed to improving healthcare access in underserved areas. He founded and operated Shatayushi Hospital in Beed district, providing modern healthcare facilities to rural populations. He also launched a monthly "Diabetic Club" that offers regular check-ups and counseling to over 5,000 diabetic patients, helping them manage their condition more effectively. His remarkable success in emergency toxicology is notable,

having treated more than 1,000 cases of poisoning, snake bites, and drowning with zero mortality. Furthermore, his partnership with the Government of Maharashtra enabled the operation of 10 Mobile Medical Units, bringing essential healthcare services to 574 remote villages since 2011. Currently, as the Head of Department at Manipal Hospital Baner, Dr. Prasad Biware continues to deliver expert care with dedication and empathy. His vast experience, leadership, and patient-focused approach make him a trusted physician and a pillar of the medical community in Pune.
