

DR. AKSHAY KASHID

Consultant - Cardiology

Qualification

MBBS | MD General Medicine | DM Cardiology

Overview

Dr. Akshay Kashid is a highly skilled and experienced interventional cardiologist with over 14 years of clinical expertise. He is currently practicing at Manipal Hospital, Baner, Pune. Renowned for his patient-centric approach and evidence-based treatment strategies, Dr. Kashid specializes in diagnosing and treating a wide range of cardiovascular conditions. He completed his MBBS from Topiwala National Medical College & Nair Hospital, Mumbai, followed by an MD in General Medicine from Government Medical College, Aurangabad. He later pursued a DM in Cardiology from the prestigious Bombay Hospital Institute of Medical Sciences, Mumbai, where he received advanced training in complex cardiac procedures. Dr. Kashid’s clinical expertise includes complex coronary angioplasty, imaging-guided angioplasty, pacemaker and AICD implantation, structural heart procedures such as ASD and PDA closures, and balloon mitral valvotomy. He also plays a significant role in managing heart failure, preventive cardiology, and diagnostic catheterization. An active contributor to cardiology research, Dr. Kashid has published multiple papers in reputed national and international journals. He was honored with the Best Paper

Presentation Award at MAPCON 2016 for his case study on Bardet-Biedl Syndrome. His contributions to public health have been acknowledged by national bodies like RNTCP and NACO for work in tuberculosis and HIV-TB co-infections. Dr. Kashid is widely appreciated for his calm demeanor, accurate diagnosis, and commitment to improving cardiac health outcomes. Whether it's routine cardiac care or emergency intervention, he brings unmatched dedication and expertise to every case, helping patients lead healthier, longer lives.
