

**DR. CHINMAY KUMBHAR**

Consultant - Neurology

**Qualification**

MBBS | MD | DrNB (Neurology)

## Overview

Dr. Chinmay Kumbhar is a distinguished Consultant Neurologist currently practising at Manipal Hospital, Baner, Pune. With over 11+ years of experience in the medical field and more than 7 years of dedicated neurology practice, he brings a strong blend of clinical expertise and academic excellence to patient care. He completed his MBBS from the prestigious Seth GS Medical College & KEM Hospital, Mumbai, in 2016, followed by an MD in Paediatrics in 2020. He later pursued super-specialisation in Neurology, earning his DrNB from the National Board of Examinations, New Delhi, in 2023. Dr. Kumbhar's clinical proficiency spans a wide range of neurological disorders affecting both adults and children. His areas of expertise include the management of headaches, migraines, epilepsy, vertigo, Parkinson's disease, multiple sclerosis, autoimmune neurological conditions, neuroinfectious conditions, and movement disorders. He also treats complex cases involving peripheral neuropathies and myasthenia gravis with a thorough, evidence-based approach. Passionate about medical research, Dr. Kumbhar has received recognition for his academic contributions. He has published on important neurological

topics, including tubercular meningitis, sinus thrombosis, and rare metabolic disorders. His active participation in national-level neurology quizzes and forums reflects his commitment to continuous professional development and clinical excellence. At Manipal Hospital, Baner, Dr. Kumbhar is highly regarded for his patient-centric approach and clear, compassionate communication. He is known to tailor each treatment plan according to individual needs, ensuring patients are well-informed and at ease throughout their care journey. With a solid foundation in medicine, a super-specialised focus in neurology, and a commitment to advancing patient outcomes, Dr. Chinmay Kumbhar is recognised as one of Pune’s promising neurologists, delivering high-quality, personalised neurological care.
