

DR. RITESH KUMAR BHOOT

Consultant - Neurosurgery

Qualification

MBBS | DNB - (Neurosurgery)

Overview

Dr. Ritesh Kumar Bhoot is a leading neurosurgeon in Bhubaneswar, with over 17+ years of experience in managing complex neurological and spinal conditions. He is currently practising as a Consultant - Neurosurgery at Manipal Hospital Bhubaneswar. Over the years, Dr. Ritesh has independently treated more than 10,000 head trauma cases and performed over 8,000 neurosurgical procedures, including brain and spine surgeries. He is the best neurosurgeon in Bhubaneswar. On the academic front, Dr. Ritesh earned his MBBS from MKCG Medical College, Berhampur, Odisha, in 2000, followed by a DNB in Neurosurgery from the National Board of Examination, India, in 2011. His field of expertise includes managing disorders of the central and peripheral nervous system, including trauma, tumours, vascular disorders, infections of the brain or spine, stroke, or degenerative diseases of the spine. Dr. Bhoot is a life member of several prestigious medical associations, including the Neurological Society of India and the Indian Society for Pediatric Neurosurgery. He has been recognized with numerous awards, including Best Neurosurgeon of the Year (2018) by the Times of India (Odisha edition), and has been featured in

national publications like India Today, Fortune India, and Outlook India for his contributions to Neurosurgery and public healthcare. He is also actively involved in academic teachings, research publications, and community outreach programmes focusing on stroke awareness, head and spine injury prevention, and spinal health. Dr. Bhoot regularly conducts free camps and awareness programmes across Odisha and neighbouring states. Dr. Bhoot is multilingual (fluent in English, Hindi, Odia, Bengali, and Tamil) and continues to be a key figure in neurosurgery conferences and academic initiatives across India and abroad. He combines surgical excellence with compassionate patient care, making him one of the most trusted names in neurosurgery in the region.

Fellowship & Membership

- Life Member of the Neurotrauma Society of India
- Life Member of the Neurological Society of India
- Life Member of the Neurospinal Surgeons Association of India
- Life Member of the Indian Medical Association
- Life Member of the Indian Society for Pediatric Neurosurgery
- Life Member of the Neurological Surgeons Society of India
- Life Member of the Indian Society of Cerebrovascular Neurosurgery and Executive Committee Member
- Member of the Asian Congress of Neurological Surgeons

Field of Expertise

- Neurotrauma
- Have independently handled and treated more than 10,000 head trauma cases.
- Have successfully operated on more than 6,000 head injury patients, including many complicated polytrauma cases.

- Spinal Trauma
- Have treated more than 2,000 spinal injury cases, including CV junction injuries.
- Have successfully operated on more than 1,000 cervical, thoracic, and lumbar fractures, as well as traumatic disc prolapse cases.
- Tumors
- Have successfully operated on more than 300 brain and spinal tumours, including skull base tumours, CP angle tumours, pituitary tumours, posterior fossa tumours, extradural spinal tumours, intradural spinal tumours, and intramedullary tumours.
- Spinal Surgery
- Have achieved a high rate of success in lumbar and cervical microdiscectomy, including CV junction anomalies, lumbar, dorsal, and cervical spinal stabilisation (both anterior, anterolateral, and posterior approaches).
- Stereotaxy
- Well versed with stereotactic biopsy and craniotomy.
- Neuronavigation
- Well versed with cerebral neuronavigation and localisation.
