

DR. ANSU SEN

Senior Consultant - Neurology

Qualification

MBBS | MD (Internal Medicine) | DM (Neurology)

Overview

Dr. Ansu Sen is a highly distinguished Senior Consultant Neurologist in Manipal Hospital Broadway, Kolkata, renowned for his expertise in diagnosing, treating, and managing a comprehensive spectrum of neurological disorders. With over a decade of specialised clinical experience, he is widely regarded as one of the best neurology doctors in Kolkata, known for his precision-based diagnostic skills, evidence-driven treatments, and deeply patient-centric approach. Dr. Sen holds an impressive academic background with MBBS, MD (Internal Medicine), and DM (Neurology), reflecting his strong foundation in both internal medicine and advanced neurological sciences. His rich professional journey spans across major tertiary care hospitals, including senior roles at Apollo Gleneagles and Ramakrishna Mission, where he successfully managed thousands of complex neurological cases. His experience, combined with a keen analytical mind, enables him to deliver accurate diagnoses and customised treatment strategies for even the most challenging neurological conditions. With extensive expertise in epilepsy management, stroke care, Parkinson’s disease, movement disorders, multiple sclerosis, neuropathies, neurocritical

care, and headache disorders, Dr. Sen focuses on delivering holistic, multidisciplinary care. His stroke management protocols, rapid response decision-making, and personalised rehabilitation pathways have significantly improved outcomes for acute and chronic stroke patients. He also specialises in advanced anticonvulsant therapies, movement disorder evaluation, and long-term management of neurodegenerative diseases. As an active contributor to neurology research, he has authored multiple national and international publications and regularly participates in scientific forums, Continuing Medical Education (CME) programs, and public health awareness campaigns. His leadership roles include serving as a National Executive Member of the Diabetic Society of India, where he contributed to initiatives intersecting neurology and metabolic health. Dr. Sen is known for integrating the latest evidence-based neurology with compassionate care. He strongly believes in patient education, early diagnosis, lifestyle optimisation, and preventive neurology. His practice combines medication management, minimally invasive interventions, multidisciplinary therapy, and structured follow-up plans, ensuring long-term brain and nerve health for his patients. His empathetic communication style and collaborative teamwork with specialists across departments make him a preferred doctor for families seeking trustworthy neurological care. Dr. Ansu Sen currently practices at Manipal Hospital Broadway, Kolkata, where he provides comprehensive neurology consultations, emergency neurological care, stroke management, epilepsy services, and advanced neurodiagnostic evaluation. As part of the Manipal Hospitals network, he is supported by cutting-edge technology, neurorehabilitation experts, and an integrated multidisciplinary team. His presence strengthens Broadway’s reputation as a leading centre for advanced neurology and stroke care in Kolkata. He also practices at Manipal Hospitals Salt Lake, allowing patients from both South and East Kolkata easy access to his expertise. Why Patients Prefer Dr. Ansu Sen, Strong expertise in complex neurological disorders, Over 10+ years of clinical experience,

Evidence-based and customised treatment plans, Warm, approachable, and patient-focused consultation style, Leading neurologist practicing at a top hospital in Kolkata.
