

DR. TARIQUE AL GHAZALI

Consultant - General Surgery

Qualification

MBBS | MS (General Surgery)

Overview

Dr. Tarique Al Ghazali is an eminent consultant in the General Surgery Department at Manipal Hospitals in Broadway, Kolkata, boasting 27 years of overall experience, including 21 years as a specialist. With a robust academic background and a passion for delivering comprehensive patient care, Dr. Ghazali completed his MBBS from Calcutta Medical College and an MS in Surgery from the Institute of Post Graduate Medical Education and Research (IPGMER). He also earned his MRCS from Edinburgh, UK, and spent six years training and practising in surgical specialities in the UK. Dr. Ghazali specialises in Laparoscopic procedures, showcasing expertise in utilising advanced techniques for both diagnostic and therapeutic purposes in abdominal conditions. His proficiency extends to minimally invasive surgeries, which reduce recovery times and improve patient outcomes. His dedication to patient care is reflected in his thorough involvement with patients, aiming to provide the highest standard of care. He is adept at handling complex surgical cases and ensuring precise and effective treatments. His commitment to academic excellence is demonstrated by his membership in prestigious organisations such as the Association

of Surgeons of India, the Indian Medical Association, the Royal College of Surgeons, and the Indian Pancreatic Club. Dr. Ghazali has received numerous awards and medals throughout his academic and professional career, underscoring his dedication to the field. Additionally, Dr. Ghazali's contributions to medical literature through talks and publications highlight his dedication to advancing surgical knowledge. He regularly presents at seminars, conferences, and webinars, sharing his expertise with the medical community. Fluent in English, Urdu, Bengali, and Hindi, Dr. Ghazali ensures effective communication with his patients, fostering trust and understanding in all interactions. Dr. Ghazali is also involved in mentoring and training the next generation of surgeons, contributing to the academic and professional growth of his colleagues and students. His holistic approach, combining clinical excellence with compassionate care, makes him a highly respected and sought-after practitioner in his field.
