

DR. MANAS KUMAR MANDAL

Senior Consultant - Urology

Qualification

MBBS | D.Ortho | MS (Surgery) | PhD (Andro Urology) | Mch (Genito-Urinary Surgery)

Overview

Dr. Manas Kumar Mandal is a distinguished Senior Consultant in Urology at Manipal Hospitals Broadway, Kolkata, renowned for his extensive expertise and compassionate patient care. His illustrious medical career is anchored by a solid educational foundation that includes an MBBS, MS in General Surgery, M.Ch. in Urology, and a Ph.D. in Andro Urology. This comprehensive training equips him with a deep understanding of surgical principles and specialised knowledge in urological disorders. Throughout his career spanning years of clinical practice, Dr. Mandal has focused on diagnosing and treating a wide spectrum of urological conditions. His areas of specialisation encompass urinary tract infections (UTI), male infertility, renal transplantation, kidney diseases, painful bladder syndrome, kidney stones, and bladder prolapse. His approach to patient care is marked by a commitment to personalised treatment plans tailored to each individual's specific needs, ensuring comprehensive and effective management of their conditions. Dr. Mandal's expertise in managing Urinary Tract Infections (UTI) involves precise diagnosis and targeted treatment strategies aimed at alleviating symptoms and preventing

recurrence. He employs advanced diagnostic techniques and therapeutic interventions to address the underlying causes, offering long-term relief to patients. In the realm of male infertility, he utilises a range of treatments from hormonal therapies to surgical interventions, applying his extensive knowledge in Andro Urology to enhance fertility outcomes. Renal transplantation holds a significant place in Dr. Mandal's practice, where his surgical proficiency and meticulous care contribute to successful transplant procedures. He not only performs surgeries with precision but also emphasises comprehensive pre-operative and post-operative care to ensure optimal patient outcomes and long-term health post-transplant. Dr. Mandal's dedication extends beyond clinical practice to academic pursuits and research contributions. His PhD underscores his commitment to advancing the understanding and treatment of urological disorders. He actively participates in medical forums, publishes research in esteemed journals, and stays abreast of the latest developments in urology to integrate innovative techniques into his practice. Known for his compassionate approach, Dr. Mandal prioritises building strong doctor-patient relationships based on trust, empathy, and open communication. This patient-centred ethos enhances his ability to provide not only medical treatment but also emotional support to patients and their families, making a profound impact in the field of urology.
