

DR. SIMA DATTA ROY

Senior Consultant - Internal Medicine

Qualification

MBBS | MD (General Medicine)

Overview

Dr. Sima Datta Roy is a senior consultant physician specialising in Internal Medicine at Manipal Hospitals Broadway, Kolkata, bringing over 20 years of dedicated experience to patient care. Her extensive experience and expertise are evident in her adept handling of complex medical cases across a broad spectrum of illnesses. Dr. Datta Roy completed her MBBS in Kolkata and pursued further specialisation in General Medicine. She is actively involved in medical academia, serving as a teaching faculty for DNB candidates in Critical Care Medicine at Manipal Hospitals Broadway. Dr. Datta Roy is a respected member of the Association of Physicians of India (API) and the Indian Society of Critical Care Medicine. She regularly participates as a delegate in conferences and continuing medical education sessions nationwide. Dr. Datta Roy's clinical focus encompasses a wide range of medical conditions, with particular expertise in infectious diseases such as malaria, dengue, typhoid, and pneumonia. She also specialises in managing acute medical illnesses, gastrointestinal disorders, and chronic diseases including hypertension, diabetes mellitus, COPD, asthma, cardiac ailments, lipid disorders, rheumatological conditions,

and haematological disorders. During the COVID-19 pandemic, Dr. Datta Roy played a pivotal role as part of the pioneering team of doctors who established and managed a private COVID hospital in Kolkata. Her dedication to patient welfare, coupled with her fluency in English, Bengali, and Hindi, ensures effective communication and compassionate care for her patients.
