

DR. AMIT KUMAR DUTTA

Consultant - General Surgeon

Qualification

MBBS | MS (Laparoscopy and General Surgery)

Overview

Dr. Amit Kumar Dutta, a distinguished medical professional, embarked on his academic journey in the field of medicine with a determination to make a significant impact. He completed his M.B.B.S. in 1999, laying a solid foundation for his medical career. He further pursued his M.S. in General Surgery from SCB Medical College, Utkal University, Odisha, where he registered in 2005 under the WBMC Registration No. 67833. Upon completing his postgraduate studies, Dr. Dutta gained substantial experience as a senior surgical resident in the Department of General Surgery at a top Hospital in New Delhi. His tenure from 2005 to 2009 at this esteemed institution allowed him to hone his skills and deepen his knowledge of various surgical procedures and patient management. He is the foremost General Surgery Doctor in Broadway, Kolkata. Dr. Dutta's commitment to continuous learning and specialization led him to achieve a Fellowship of the Indian Association of Gastrointestinal Endosurgeons (FIAGES) in 2012, bearing the fellowship number 2969. This fellowship reflects his advanced skills and dedication to gastrointestinal endosurgery. Additionally, he is a member of The Association Of Surgeons of India, with the membership number FL

31738. Dr. Amit Kumar Dutta has had a prolific career spanning over 15 years, primarily serving as an Associate Consultant in the Department of General and Laparoscopic Surgery. His role in various multispecialty hospitals involved providing round-the-clock services, which encompassed a broad spectrum of surgical interventions. Dr. Dutta's expertise is particularly notable in laparoscopic surgeries, where he has managed acute gastrointestinal emergencies and trauma cases effectively. One of Dr. Dutta's core strengths lies in his specialization in laparoscopic procedures. He has a remarkable track record of successful outcomes in treating complicated abdominal and groin hernias. His experience extends to managing laparoscopic common bile duct (CBD) cases, pancreatic stones, and complex gastrointestinal inflammatory bowel diseases. Dr. Dutta is also proficient in laser techniques for treating complicated fistulas and haemorrhoids, achieving significant success in stapler hemorrhoidectomy cases.
