

DR. MAITREYEE BHATTACHARYYA

Senior Consultant – Hemato Oncology

Qualification

MBBS | MD (Medicine) | DM (Clinical Haematology)

Overview

Dr. Maitreyee Bhattacharyya is a distinguished Senior Consultant – Hemato Oncology at Manipal Hospitals Broadway, Kolkata, bringing over 24 years of rich experience in clinical hematology, oncology, and academic medicine. With a reputation for excellence, compassion, and innovation, Dr. Bhattacharyya is one of Eastern India's most respected specialists in hematological malignancies and complex blood disorders. She completed her MBBS and MD (Medicine) from the prestigious Medical College, Kolkata, and went on to achieve her DM in Clinical Haematology from All India Institute of Medical Sciences (AIIMS), New Delhi — one of the highest distinctions in the field. As the first DM in Haematology from Eastern India, Dr. Bhattacharyya has played a pioneering role in shaping advanced hematology and bone marrow transplant (BMT) programs in the region. At Manipal Hospitals Broadway, she heads the Haemato-Oncology services, offering comprehensive and multidisciplinary care for patients with leukemia, lymphoma, myeloma, thalassemia, aplastic anemia, and various bleeding and clotting disorders. She has successfully conducted numerous bone marrow transplants and complex chemotherapeutic

interventions, offering patients renewed hope and improved quality of life. Her clinical approach emphasizes precision, compassion, and evidence-based medicine—ensuring each patient receives personalized and ethical care aligned with international standards. Beyond her clinical excellence, Dr. Bhattacharyya has made outstanding contributions to medical education and public health. She serves as a Post-Doctoral Teacher and PhD Guide, actively mentoring future hematologists and medical researchers. As the Nodal Officer for the Thalassemia & Haemophilia Control Program under the State Government, she has been instrumental in developing structured management protocols and preventive strategies for genetic blood disorders. Dr. Bhattacharyya's commitment to advancing hematological science is reflected in her extensive research portfolio, with numerous publications in reputed national and international journals. Her studies span a wide range of subjects—from neonatal thrombosis, iron overload, and hemoglobinopathies to leukemia genetics and hematologic malignancy management. She is also a Scientific Advisory Committee member at the National Institute of Immunohematology, highlighting her leadership in research and policy-making in the field of hematology. Her professional journey aligns seamlessly with Manipal Hospitals Broadway's mission to deliver comprehensive, patient-focused, and research-driven healthcare. The hospital, part of the renowned Manipal Hospitals Network, stands as one of Kolkata's most advanced tertiary care centers—equipped with cutting-edge technology, state-of-the-art laboratories, and multidisciplinary teams that ensure the highest standards of diagnosis and treatment. Manipal Hospitals Broadway's philosophy of "Life's On" reflects its dedication to restoring health, hope, and quality of life for every patient. Through Dr. Bhattacharyya's expertise in Haemato-Oncology, the hospital continues to strengthen its position as a centre of excellence for hematology and cancer care in Eastern India. Her leadership, combined with the hospital's commitment to innovation and compassion, ensures that patients receive world-class treatment

backed by trust, empathy, and medical excellence.

Fellowship & Membership

- Scientific Advisory Committee (SAC) at the National Institute of Immuno Hematology

Field of Expertise

- Specialises in Haemato-Oncology, focusing on the diagnosis and treatment of various types of blood-related cancers and disorders, providing comprehensive care to patients with conditions such as leukaemia, lymphoma, and myeloma.
- Expertise in Bone Marrow Transplants and has successfully performed numerous transplants, offering a crucial lifeline to patients with severe blood disorders and cancers.

Languages Spoken

- Bengali
- English
- Hindi

Awards & Achievements

- First D.M. in Haematology from Eastern India
- Initiated Bone Marrow Transplant (BMT) First in Government Setup
- Postdoctoral Teacher and PhD Guide
