

**DR. PRADIP KUMAR MONDAL**

Consultant - Medical Oncology

**Qualification**

MBBS | MD | DM | Fellowship in Medical Oncology

## Overview

Dr. Pradip Kumar Mondal is a highly accomplished Consultant in the Department of Medical Oncology at Manipal Hospitals, Broadway, Kolkata. With extensive clinical expertise and a stellar academic background, Dr. Mondal brings over a decade of experience in diagnosing and treating complex cancers through evidence-based and patient-centric care. He is the best medical oncologist in Broadway. A graduate of the prestigious Medical College, Kolkata, Dr. Mondal completed his MBBS in 2006 and pursued an MD in General Medicine under the West Bengal University of Health Sciences in 2013. He subsequently earned a Clinical Fellowship in Medical Oncology from Tata Medical Centre, Kolkata, and completed his DM in Medical Oncology at the renowned Tata Memorial Hospital, Mumbai, in 2018. His rich training at these leading institutions has equipped him with advanced skills in chemotherapy, immunotherapy, oncologic emergencies, and cancer genetics. Dr. Mondal has served in various critical roles, including as Senior Registrar and Consultant Medical and Hemato-Oncologist at reputed cancer hospitals in Kolkata. He has gained recognition for his compassionate care, precise clinical

judgment, and holistic approach to cancer management. His areas of interest span across solid tumors, targeted therapy, and supportive oncology. A prolific academic, Dr. Mondal has presented numerous papers at national and international oncology forums, including the IAOO World Congress and BIOTECH conferences. His publications in peer-reviewed journals reflect his deep engagement with research, covering topics such as non-small cell lung cancer, malignant melanoma, HIV-associated malignancies, and cancer-related distress management. In addition to his clinical and academic roles, Dr. Mondal is actively involved in community cancer awareness and rural outreach initiatives, aiming to improve early detection and reduce cancer burden in underserved populations. Dr. Mondal is fluent in English, Hindi, and Bengali, ensuring clear communication with patients across diverse backgrounds. His empathetic approach, dedication to continuous learning, and commitment to clinical excellence make him a trusted name in oncology.

### Field of Expertise

- Medical Oncology
- Hemato Oncology
- Chemotherapy
- Immunotherapy
- Targeted Therapy
- Precision Oncology
- HIPEC and PIPAC Treatment

### Languages Spoken

- English
- Hindi
- Bengali

## Awards & Achievements

- A non-interventional study for the epidemiological and scientific Evaluation of patients with Non Small Cell Lung Cancer (NSCLC) from Eastern India with special reference to Epidermal Growth Factor Receptor (EGFR) mutation analysis, as part of an M.D thesis, submitted to the West Bengal University of Health Sciences.
- Epidemiological aspects, pattern of care and outcome in malignant melanoma patients from a tertiary care cancer centre in India" as part of DM thesis.
- Oral Presentation: Presented a paper on 20th May 2017 titled "Practical distress management in head and neck cancer patients prior to start of palliative chemotherapy" at the IAOO 6th World Congress to be held in Bangalore, between 17th to 20th May 2017.
- Oral presentations: Presented 2 papers On EGFR Mutation analysis in NSCLC and Epidemiology of lung cancer in Eastern India, in the World Congress on Stem Cell Research, Cancer Biology and applied Biotechnology (BIOTECH 2014) in May 2014 held at Jawaharlal Nehru University, New Delhi.
