

DR. ARUNASHIS MALLICK

Consultant - Gynaecologic Oncology

Qualification

MBBS (Honours) | MS (O&G) | DNB (O&G) | MRCOG (UK) | FIAOG | Post-Doctoral Fellowship in Gynae-oncology (TMC, Kolkata) | Diploma in Gynaecological Endoscopy (Kiel, Germany) | MCh in Gynae-oncology (AHPGIC, Cuttack)

Overview

Dr. Arunashis Mallick is a highly skilled and dedicated Gynaecological Oncologist in Kolkata, currently practising at Manipal Hospital Broadway, where he provides advanced, comprehensive care for women with gynaecological cancers. With an outstanding academic background and extensive clinical training, he has developed expertise in managing complex cases involving ovarian cancer, cervical cancer, vulval cancer, vaginal cancer, endometrial cancer, and uterine tumours. Dr. Mallick’s commitment lies in combining evidence-based oncology with the latest surgical innovations to ensure safe, effective, and compassionate treatment for his patients. After completing his MBBS (Honours) from WBUHS, Dr. Mallick pursued MS in Obstetrics and Gynaecology, followed by DNB (O&G). To further enhance his knowledge and skills, he obtained international and national qualifications, including MRCOG (UK), FIAOG, and a Diploma in Gynaecological Endoscopy from the Kiel School of Endoscopy, Germany. His advanced specialist training includes a Post-Doctoral

Fellowship in Gynae Oncology at Tata Medical Centre, Kolkata, one of India's most reputed ESGO-accredited centres, and an MCh in Gynaecological Oncology from AHPGIC, Cuttack. These rigorous training programs equipped him with proficiency in advanced surgical oncology, minimally invasive techniques, and the holistic management of gynaecological cancers. At Manipal Hospital Broadway, Kolkata, Dr. Mallick specialises in advanced open and laparoscopic gynaecological oncology surgeries, including complex procedures such as radical hysterectomy, cytoreductive surgery, pelvic exenteration, and minimally invasive laparoscopic or robotic-assisted cancer surgeries. His special areas of interest include ovarian cancer management and minimally invasive surgery (MIS) in gynaecological oncology, where he has contributed significantly through both clinical practice and academic research. Patients under his care benefit from a multidisciplinary approach, where surgical expertise is combined with personalised treatment planning to improve survival outcomes and quality of life. In addition to his clinical practice, Dr. Mallick has made notable contributions to the field of gynaecological oncology through academic research and publications. He has authored several articles in reputed national and international journals, covering topics such as ovarian cancer, twin pregnancies, complex caesarean section cases, and rare oncological disorders. His research work, including a five-year experience of comprehensive staging surgery in early ovarian cancer, reflects his dedication to advancing knowledge and improving treatment standards in women's cancer care. Dr. Mallick is also actively involved in academic presentations and has been invited to share his expertise at leading medical conferences. He has presented oral papers, posters, and surgical videos at RCOG World Congress, AGOICON, AOGIN India, and ESGO tumour boards, gaining national and international recognition. His achievements include winning the Best Surgical Video Presentation at AGOICON 2023 and securing First Prize in the AOGIN India Quiz 2022. These accolades underline his clinical acumen, surgical precision, and dedication to excellence in patient

care. A proud member of prestigious professional bodies, including the Royal College of Obstetricians and Gynaecologists (UK), the European Society of Gynaecological Oncology (ESGO), the International Gynecologic Cancer Society (IGCS), and national associations such as FOGSI and AGOI, Dr. Mallick remains closely connected with global advancements in cancer care. With his blend of academic brilliance, surgical expertise, and compassionate approach, Dr. Arunashis Mallick stands as one of the leading gynaecological oncologists in Kolkata. Patients seeking reliable, advanced, and empathetic care for gynaecological cancer treatment in Kolkata can consult him at Manipal Hospital Broadway, where he continues his mission of empowering women with world-class cancer care.
