

DR. SAYAN PAUL

Senior Consultant - Radiation Oncology

Qualification

MBBS | MD | DNB | MNAMS | PDCR

Overview

Dr. Sayan Paul is a Consultant in the Department of Radiation Oncology at Manipal Hospital Broadway. With qualifications including MBBS, MD, and DNB (Radiation Oncology), he is highly regarded for delivering advanced, evidence-based radiation therapy for a wide spectrum of cancers. He is committed to providing personalised treatment plans that combine clinical precision with compassionate, patient-centred care. Dr. Paul received advanced training at the prestigious Tata Memorial Hospital, Mumbai, where he served as a Senior Registrar. He further enhanced his expertise through international fellowships at the Medical University of Vienna, Austria, and the National Institute of Oncology, Budapest, Hungary. With nearly two decades of experience in radiation oncology, he has been associated with leading healthcare institutions, including P.D. Hinduja National Hospital, Mumbai, Fortis Memorial Research Institute, Gurgaon, Apollo Hospitals Hyderabad, and Apollo Hospitals Kolkata. His areas of expertise include the management of breast cancer, prostate cancer, head and neck cancers, lung cancer, gynaecological cancers, gastrointestinal malignancies, and brain tumours. He is also

experienced in treating complex non-malignant conditions such as arteriovenous malformations (AVM), trigeminal neuralgia, and keloids using advanced radiation techniques. Dr. Paul adopts a multidisciplinary approach, ensuring each patient receives a customised treatment strategy based on the latest clinical evidence and technological advancements. In addition to his clinical practice, Dr. Paul has made significant contributions to cancer research and medical education. He has authored numerous publications in reputed national and international journals and was awarded the prestigious European Society for Radiotherapy and Oncology (ESTRO) Clinical Fellowship. He is also the first Indian editor of The Bethesda Handbook of Clinical Oncology (South Asian Edition). As a dedicated academician, he serves as teaching faculty for the Indian College of Radiation Oncology and the National Board of Examinations, where he actively mentors MD and DNB students. Recognised for his compassionate approach and commitment to excellence, Dr. Paul works closely with multidisciplinary teams to deliver safe, precise, and evidence-based cancer care, ensuring every patient receives holistic support throughout their treatment journey. With extensive clinical expertise, international training, and a strong commitment to innovation and education, Dr. Sayan Paul continues to provide world-class radiation oncology services at Manipal Hospital Broadway, helping patients receive advanced, precise, and compassionate cancer care.
