Overview

Dr. Shweta Premchand is a skilled paediatrician in Brookefield. She is currently practising as a Consultant - Paediatrics at Manipal Clinic Brookefield, Bangalore, bringing over 12+ years of clinical expertise in child health, newborn care, developmental paediatrics, preventive healthcare, and adolescent well-being. Her deep commitment to child-centred medicine, meticulous clinical judgement, and warm, family-oriented approach have earned her the trust of countless parents who regard her as one of the best pediatricians in Clinic Brookefield. Dr. Shweta’s professional journey reflects a rare blend of clinical excellence and holistic healthcare understanding. After completing her MBBS and DCH - Paediatrics, she pursued a specialised Fellowship in Neonatal Intensive Care, where she gained advanced proficiency in the evaluation and management of newborns, including extreme preterm infants, high-risk neonates, and babies requiring close monitoring during the early, vulnerable days of life. This specialised experience has shaped her ability to assess neonatal conditions accurately,

address complications swiftly, and support parents through sensitive clinical situations with clarity and reassurance. At Manipal Clinic Brookefield, Dr. Shweta provides a complete spectrum of paediatric services spanning infancy, childhood, and adolescence. Parents seek her guidance for growth and development assessments, nutrition and feeding concerns, behavioural and emotional challenges, school-related issues, and preventive health strategies. Her systematic approach to routine issues, like fever, cough, infections, allergies, asthma, gastrointestinal concerns, and dermatological issues, ensures accurate diagnoses and personalised plans tailored to each child's age, medical history, and family context. Vaccination and immunisation form an essential part of her work, where Dr. Shweta follows the most updated guidelines, counsels parents extensively, and ensures an anxiety-free experience for both children and caregivers. Families also appreciate her attentive follow-up model, in which she monitors symptoms, tracks development milestones, and remains available for clarifications, reflecting her commitment to long-term paediatric wellness. Dr. Shweta's strong academic affiliations include lifetime membership with the Indian Academy of Paediatrics and the National Neonatology Forum of India. She has also actively contributed to scientific forums through paper presentations, research participation, and conference faculty roles. Her work on universal newborn screening, neonatal health indicators, breastfeeding awareness, and paediatric emergency care showcases her interest in evidence-based practice and continuous learning. Dr. Shweta has a natural ability to make children feel at ease and to help parents understand medical decisions confidently, regardless of the complexity of the situation. Her consultations are known to be thorough, reassuring, and thoughtfully paced, qualities that distinguish her as a dependable and highly respected paediatric specialist in the community. Her professionalism, academic depth, and empathetic personality make her one of the best pediatricians in Clinic Brookefield, committed to ensuring healthier futures for children and a stress-free healthcare experience for

families.
