

DR. S GURUCHARAN

Consultant - Orthopedic Surgeon

Qualification

MBBS | DNB Orthopedics

Overview

Dr. S Gurucharan is a highly skilled orthopaedic surgeon in Brookefield, currently practising as a Consultant – Orthopaedics at Manipal Clinic Brookefield. With 8+ years of experience specialised in orthopaedic surgery, Dr. Gurucharan is recognised for his clinical expertise in diagnosing and performing hip and knee arthroplasty, spine surgery using both open and endoscopic techniques, sports injuries, arthroscopic ligament reconstruction, and complex trauma surgeries. Dedicated to offering the highest standards of orthopaedic care, Dr. Gurucharan combines surgical precision with compassionate patient-centred treatment. Dr. Gurucharan’s professional journey is built upon a strong educational and training background. He holds an MBBS from Dr. B.R. Ambedkar Medical College and Hospital, Bengaluru, and a DNB in Orthopaedics from the prestigious PGI Swasthiyog Pratishthan, Miraj, Maharashtra. His academic pursuits have been complemented by participation in several advanced training workshops and observership programmes, including a Surgeon Observership in Robotic Knee Arthroplasty (2024) and Hands-on Cadaveric Endoscopic Spine Surgery Workshop (2025). Over the course of his career, Dr. Gurucharan has

honed his expertise in managing a wide spectrum of musculoskeletal conditions. His keen interest in minimally invasive orthopaedic procedures allows for faster recovery, reduced post-operative pain, and shorter hospital stays, hallmarks of his patient-first philosophy. In the field of sports medicine, Dr. Gurucharan's expertise in arthroscopic ligament reconstruction and management of sports-related injuries has helped several athletes and active individuals regain full joint function and performance. He is equally adept at addressing complex trauma cases, performing reconstructive procedures, and managing fractures with modern fixation techniques to ensure long-term joint stability and alignment. A passionate researcher, Dr. Gurucharan has authored and co-authored multiple peer-reviewed publications in national and international journals. His notable research includes studies on the functional outcomes of arthroscopic ACL reconstruction, clinical and radiological outcomes in lumbar spine instrumentation, and experimental investigations on fracture fixation methods. These contributions highlight his dedication to advancing evidence-based orthopaedic practice and improving post-surgical recovery outcomes. Dr. Gurucharan's clinical acumen is matched by his empathetic approach to patient care. He believes in building trust through transparent communication, detailed counselling, and comprehensive rehabilitation guidance, ensuring every patient understands their treatment plan and recovery process. His multilingual proficiency in English, Hindi, Kannada, and Telugu enables him to connect seamlessly with a diverse patient base. At Manipal Clinic Brookefield, he provides holistic orthopaedic care, including preventive measures and non-surgical management, ensuring optimal recovery and improved quality of life for every patient.
