

DR. SUHAS DHULIPALA

Consultant - Pulmonology & Sleep Medicine

Qualification

MBBS | MD (Respiratory Medicine) | IDCCM | DPSM | Fellowship in Advanced Interventional Pulmonology (India) | Clinical Fellowship in Interventional Pulmonology (Harvard University, USA)

Overview

Dr. Suhas Dhulipala is a skilled and dedicated pulmonologist in Brookefield, bringing over 7+ years of experience across pulmonary medicine, sleep medicine, and critical care. He is currently practising as a Consultant - Pulmonology & Sleep Medicine at Manipal Clinic Brookefield, Bengaluru, where he focuses on comprehensive respiratory care, advanced airway management, and minimally invasive pulmonary procedures. Recognised for his patient-centred approach and structured treatment philosophy, Dr. Suhas is regarded as one of the best pulmonologists in Brookefield, Bangalore. Dr. Suhas completed his foundational MBBS and post-graduate MD in Respiratory Medicine from Vydehi Institute of Medical Sciences, Bangalore. Committed to mastering the global frontier of minimally invasive chest medicine, he completed a Fellowship in Interventional Pulmonology at Yashoda Hospitals, Hyderabad, an Indian Diploma in Critical Care Medicine (IDCCM) at Manipal Hospital Whitefield; and an International Pulmonology Observership at Serdang Hospital, Malaysia. Further elevating his procedural capabilities, he completed an advanced

Clinical Fellowship in Interventional Pulmonology at Harvard University (Beth Israel Deaconess Medical Centre, Boston, USA), gaining high-volume experience in robotic, navigational, and image-guided thoracic procedures. At Manipal Clinic Brookefield, Dr. Suhas Dhulipala provides specialist consultations for patients seeking expert evaluation and management of respiratory and sleep-related concerns. His combination of experience in pulmonary medicine, critical care, sleep medicine, and interventional pulmonology allows him to take a comprehensive approach to respiratory health, from understanding symptoms and reviewing medical history to recommending appropriate investigations and developing personalised treatment plans. He also provides consultation for patients with complex airway and lung conditions, helping determine when specialised pulmonary evaluation or further intervention may be appropriate. With his clinical expertise, advanced training, and focus on evidence-based respiratory care, Dr. Suhas is a trusted choice for patients looking for the best pulmonologist in Brookefield. Dr. Suhas also has a strong academic and research orientation. He has contributed to research and publications in respiratory and critical care medicine, including studies examining biomarkers, clinical severity, mortality predictors, radiological findings, and systemic inflammation in respiratory and critical care settings. His work has included research related to chronic obstructive pulmonary disease, chronic kidney disease, and COVID-19, reflecting his interest in understanding the relationship between respiratory disease, systemic health, and clinical outcomes. A dedicated researcher and academician, Dr. Suhas won the prestigious WABIP (World Association for Bronchology and Interventional Pulmonology) Best Image Award in 2024 and has authored numerous peer-reviewed publications on novel airway stenting techniques, COPD biomarkers, and critical care predictors in international medical journals. Dr. Suhas has participated in and contributed to workshops related to bronchoscopy and interventional pulmonology, including training in basic bronchoscopy, EBUS, and thoracoscopy. Fluent in English, Telugu, Kannada, and Hindi,

Dr. Suhas couples his technical procedural skill with an approachable and clear communication style. He prioritises patient empowerment through detailed diagnostic explanations, transparent treatment plans, and continuous longitudinal care.
