

DR. RAJ KUMAR R

Consultant - General & Minimal Access Surgery

Qualification

MBBS | MS | FIAGES | FALS | Minimal Access & Laparoscopic Surgeon

Overview

Dr. Raj Kumar R is a skilled general surgeon in Budigere with focused experience in general and gastrointestinal surgery. He is currently practising as a Consultant – General & Minimal Access Surgery at Manipal Clinic Budigere, Bangalore, where he provides structured surgical consultations for abdominal, hernia, biliary, and colorectal conditions with an emphasis on minimally invasive techniques and patient-centred decision-making. An MBBS graduate from Vydehi Institute of Medical Sciences and Research Institute, Dr. Raj Kumar completed his MS in General Surgery from Mysuru Medical College and Research Institute. He further strengthened his laparoscopic expertise by completing FIAGES and Fellowship in Advanced Laparoscopic Surgery (FALS – Hernia). His academic foundation and fellowship training reflect dedicated preparation in minimal access surgical techniques and gastrointestinal procedures. Dr. Raj Kumar’s role centres on comprehensive surgical consultations, clinical evaluation, preoperative assessment, and postoperative follow-up care. He evaluates patients presenting with hernias, gallbladder disease, appendicitis, abdominal emergencies, soft tissue swellings such as

lipomas and cysts, and perianal disorders (piles, fissure, and fistula). His approach involves detailed physical examination, imaging guidance, and explanation of operative versus conservative management pathways. His experience includes assisting and performing advanced laparoscopic procedures, collaborating within multidisciplinary teams, and managing perioperative care in both elective and emergency surgical scenarios. Dr. Raj Kumar is trained to identify surgical emergencies, provide preoperative and postoperative counselling, coordinate resuscitative measures in acute settings, and maintain structured follow-up. His postgraduate thesis analysed upper GI endoscopy findings in patients with gallstone disease presenting with dyspepsia, reflecting his clinical interest in gastrointestinal evaluation. He has published research on ileostomy closure outcomes and breast abscess management in peer-reviewed journals and has presented papers at state-level surgical conferences. Fluent in English, Kannada, Hindi, Telugu, and Tamil, Dr. Raj Kumar ensures that consultations are clear and accessible, allowing patients to understand their diagnosis, surgical options, and recovery expectations. His practice at Manipal Clinic Budigere focuses on careful assessment, minimally invasive solutions, and continuity of care, positioning him among the best general surgeons in Budigere for structured general and laparoscopic surgical concerns.

Fellowship & Membership

- FIAGES
- FALS
- Minimal Access Surgery

Field of Expertise

- General Surgery

- Hernia repair (inguinal, umbilical, ventral, incisional)
- Gallbladder disease and biliary surgery
- Appendicitis and abdominal emergencies
- Soft tissue swellings (lipoma, cyst, abscess)
- Perianal disorders (piles, fissure, fistula)
- Breast surgery (benign conditions)
- Minor surgical procedures
- Trauma and emergency surgical care
- Laparoscopic (Keyhole) Surgery
- Laparoscopic gallbladder surgery
- Laparoscopic appendix removal
- Laparoscopic hernia repair
- Diagnostic laparoscopy
- Day-care surgeries
- Minimal scar procedures

Languages Spoken

- English
- Hindi
- Kannada
- Telugu
- Tamil
- Bengali

Awards & Achievements

- Recognised for excellence in General & Minimal Access Surgery
- High success rate in advanced laparoscopic procedures
- Appreciation for outstanding patient care and surgical outcomes
- Participation in leading national surgical conferences and

workshops
- Certified in advanced minimal access surgical training
- Active member of professional surgical associations
- Commitment to continuous clinical skill development
- Contribution to the adoption of modern minimally invasive techniques

Talks & Publications

- Invited speaker at continuing medical education programs
- Presenter at national conferences organised by the Association of Surgeons of India
- Delivered academic talks on advancements in laparoscopic and minimal access surgery
- Participation in live surgical workshops and skill enhancement forums
- Contributor to discussions on modern surgical safety protocols
- Involvement in clinical knowledge-sharing platforms for young surgeons
- Ongoing engagement in professional education and surgical training programs
