

DR. KRISHNAMURTHY B H

Senior Consultant - Neurosurgeon

Qualification

MBBS | MS | DNB | FIAGES

Overview

Dr. Krishna Murthy B. H. is a highly accomplished Neurosurgeon in Budigere, bringing 20 years of clinical expertise in managing complex neurological and spinal disorders. He is currently practising as a Senior Consultant Neurosurgeon at Manipal Clinic, Budigere. Dedicated to delivering precision-driven surgical care, Dr. Krishna Murthy's professional journey is marked by a commitment to utilising advanced medical technology to achieve superior patient outcomes in the field of neurosciences through complex brain and spine surgeries. Dr. Murthy began his medical journey at Shri B.M. Patil Medical College, Bijapur, where he earned his M.B.B.S. under Rajiv Gandhi University of Health Sciences. He then went to pursue an M.S. in General Surgery from KIMS, Hubli. To further specialise, he completed his DNB in Neurosurgery, which provided him with a deep understanding of intricate cranial and spinal pathologies, forming the backbone of his surgical proficiency. Throughout his career, Dr. Murthy has held significant academic and clinical positions, including serving as an Associate Professor at MVJ Medical College and BMC&RI, Bellary. His experience across various medical institutions in Kerala, Pondicherry,

and Karnataka has shaped him into a versatile surgeon capable of handling diverse patient demographics. His background in medical education reflects his dedication to maintaining the highest standards of clinical excellence and staying at the forefront of surgical innovation. Dr. Murthy specializes in a wide array of neurosurgical interventions, ranging from basic procedures to complex brain and spine surgeries. He is particularly skilled in minimally invasive keyhole surgeries for both the brain and spine, which offer patients faster recovery times and reduced postoperative discomfort. His clinical practice in the outpatient department focuses on thorough diagnostic evaluation and personalized management plans for every neurological patient. Beyond his clinical practice, Dr. Murthy is a prolific researcher with numerous publications in international and national journals, such as World Neurosurgery and the Indian Journal of Neurotrauma. His research work covers critical areas like decompressive craniectomy, traumatic spinal cord injury, and intracranial tuberculosis. This academic rigour ensures that his surgical approach remains informed by the latest global medical evidence and innovations. At Manipal Clinic Budigere, Dr. Murthy integrates his clinical expertise with strong interpersonal and communication skills to provide compassionate patient care. He believes in a proactive, problem-solving approach to healthcare, ensuring that patients and their families are well-informed throughout the treatment journey. His arrival strengthens the clinic's ability to provide world-class neurosurgical support to the community.
