

DR. VISHNUVARDHAN B R

Consultant - Nephrology

Qualification

MD Medicine | DM Nephrology

Overview

Dr. Vishnuvardhan B R is a highly experienced nephrologist in Bangalore, practising as a Consultant - Nephrology at Manipal Clinic Budigere. With a strong foundation in both medical education and hands-on clinical practice, Dr. Vishnuvardhan has established himself as a leading expert in the field of nephrology, with a particular focus on kidney transplantation. His field of expertise includes various aspects of nephrology, including female nephrology, polycystic kidney disease, chronic kidney disease, childhood nephrotic syndrome, and dialysis care. He is the Best Kidney Specialist in Whitefield. Dr. Vishnuvardhan began his medical journey at JJM Medical College, where he earned his MBBS degree, followed by an MD - Internal Medicine at Pandit Jawaharlal Nehru Memorial Medical College. His passion for nephrology led him to pursue a DM - Nephrology from IPGMER and SSKM, Kolkata. During his time there, Dr. Vishnuvardhan received extensive training in Kidney Transplantation, Dialysis, Kidney Biopsies, and the management of complex conditions such as Glomerulonephritis. Dr. Vishnuvardhan has successfully done over 41+ kidney transplants, including live, ABO incompatible, and complex cadaver transplants, as

well as combined liver-kidney and pancreas-kidney transplants. His expertise in transplant nephrology has earned him a reputation as a skilled and compassionate practitioner, leading the department to receive approval for two DNB seats, with plans to expand the educational program further. In addition to his clinical work, Dr. Vishnuvardhan's dedication to improving nephrology extends to his advisory roles, where he contributes to the advancement of treatment protocols and medications. He is a lifetime member of the Indian Medical Association, the Nephrology Association of Karnataka, and the Indian Society of Organ Transplantation (ISOT). Moreover, Dr. Vishnuvardhan has volunteered for public health initiatives, including the WHO-sponsored Pulse Polio program, demonstrating his commitment to serving the broader community. His comprehensive knowledge, vast experience, and unwavering dedication to patient care have made him a respected figure in the field of nephrology.
