

## DR. ANAND R SHENOY

Senior Consultant - Interventional Cardiology

### Qualification

MBBS | MD | DM | FICC | FSCAI | MEAPCI | FESC | FACC | FRCP (ED)

### Overview

Dr. Anand Shenoy is a highly skilled Senior Consultant in Interventional Cardiology. He has made substantial contributions to the profession with unique certifications and broad skills. Dr. Shenoy holds an MBBS, MD, and DM degrees, showcasing his comprehensive medical education and specialisation in cardiology. He has earned recognition and skill in the profession by becoming a Fellow of the Society of Cardiovascular Angiography and Interventions (FSCAI) in the United States. Along with being a member of the European Association of Percutaneous Coronary Interventions (MEAPCI), the European Society of Cardiology (FESC), and the Indian College of Cardiology (FICC), he is also a Fellow of the latter organisation. These affiliations indicate his dedication to remaining current on innovations and research in his industry. Dr. Shenoy's essential subject matter lies in Ischemic Heart Disease, explicitly zeroing in on focusing on Coronary Artery Disease (CAD) and Angioplasty (PTCA). He is knowledgeable in performing essential percutaneous coronary intervention (PCI), a critical method for patients encountering intense myocardial dead tissue. Dr. Shenoy has expertise in peripheral interventional procedures, pacemaker implantation, and device closure techniques. His fluency in multiple languages, including Kannada, Hindi, English, and Konkani, enables him to communicate and care for patients from diverse backgrounds effectively. For the same reason, he is considered the best interventional cardiologist in Clinic Indiranagar, Bangalore. Dr. Anand Shenoy's notable achievements include specialised training in various international institutions. He has acquired skills in LMCA (Left Main Coronary Artery) intervention at the ASAN Medical Centre in Seoul, South Korea. Furthermore, he received training in Chronic Total Occlusion (CTO) and Retrograde Technique at Kamakura and Yokohama in Japan, under the guidance of esteemed cardiologists Dr. Shigeru Saito and Dr. Muramatso. His dedication to research is evident through his Cochrane Research Scholarship Award in 2010. Dr. Shenoy has also delivered talks and published research papers on various topics related to interventional cardiology. Some of his notable publications include papers on non-surgical septal reduction for hypertrophic cardiomyopathy in childhood, VSD closure using a duct occluder, and transcatheter closure of aortopulmonary window using the Amplatzer device. Beyond his academic and research achievements, Dr. Anand Shenoy is actively involved in community outreach. He has produced papers addressing public health issues, such as the rise in childhood ailments during the hot summers, and emphasising the value of prompt medical attention and awareness. Dr. Anand Shenoy is a Senior Consultant in Interventional Cardiology. He is well-regarded and in demand due to his substantial credentials, subject knowledge, research achievements, and dedication to patient care. He is an excellent contribution to the medical profession because of his commitment to developing the discipline and giving exceptional patient care.

### Fellowship & Membership

- FSCAI- Fellow of Society of Cardiovascular Angiography and Interventions (USA)

- FICC – Fellow of Indian College of Cardiology (INDIA)
- Member of European Association of Percutaneous Coronary Interventions (MEAPCI). FESC (Fellow of European Society of Cardiology)

## Field of Expertise

- Ischemic Heart Disease. CAD, Angioplasty (PTCA)
- Primary PCI
- Peripheral Interventional Pacemakers
- Device Closure

## Languages Spoken

- Kannada
- Hindi
- English
- Konkani

## Awards & Achievements

- Trained in LMCA Intervention at ASAN Medical Centre Seoul, S. Korea
- Trained in CTO and Retrograde Technique at Kamakura and Yokohamas, Japan under Dr. Shigeru Saito and Dr. Muramatso
- Cochrane Research Scholarship Award (2010)

## Talks & Publications

- Non-surgical Septal Reduction for Hypertrophic Cardiomyopathy in childhood, V. Subash Chandra, M. Jayranganth and Anand R. Shenoy, Department of Cardiology, Manipal Heart Foundation, Bangalore 560 017, India, International Journal of Cardiology 106(2006) 355 – 359.
- Perimembranous VSD closure using Duct Occluder, M Jayranganath, Anand Shenoy, Padmakumar, V Subashchandra, Department of Cardiology, Manipal Heart Foundation, Bangalore 560 017, India. Paper presented at the Fourth World Congress of Paediatric Cardiology & Cardiac Surgery held on September 18-22, 2005 in Buenos Aires, Argentina
- PTSMA in childhood – A Case Report & Percutaneous RSOV closure using Duct Occluder – A Case Report – Department of Cardiology, Manipal Heart Foundation, Bangalore 560 017, India. Posters presented at IJN 1st live course in Paediatric Cardiology held at Kuala Lumpur, Malaysia in March 2004.
- Transcatheter closure of aortopulmonary window using Amplatzer device, Naik GD, Chandra VS, Shenoy A, Isaac BC, Shetty GG, Padmakumar P, Jayranganath M. St. John's Medical College Hospital, Bangalore, India. Catheter Cardiovasc Interv. 2003 Jul; 59(3):4025.
- Acquired aortopulmonary fistula, Shenoy AR, Naik GD, Varghese K, Shetty GG, Iyengar SS, St. John's Medical College Hospital, Bangalore, India. Indian Heart J. 2003 May-Jun; 55(3):268-71.
- Premature Coronary Artery Disease, AR Shenoy, BK Raghunandan, BC Isaac, K Varghese, SS Iyengar, St John's Medical College Hospital, Bangalore, Indian Heart J. 2003 Sept-Oct; 55(5) Abstract Issue.
- Relative Left Ventricular Wall Thickness in Dilated Cardiomyopathy, AR Shenoy, K Varghese, SS Iyengar, St John's Medical College Hospital, Bangalore, Indian Heart J. 2003 Sept-Oct; 55(5) Abstract Issue.
- Left Atrial Size and Volume in Coronary Artery Disease and Non coronary Artery Disease Patients Compared to Normal Persons, AR Shenoy, K Varghese, SS Iyengar, St John's Medical College Hospital, Bangalore, Indian Heart J. 2003 Sept-Oct; 55(5) Abstract Issue.
- A Study of Prevalence of Metabolic Syndrome in Patients with Ischemic Heart Disease in South India, FR Nadri, B Isaac, AR Shenoy, K Varghese, SS Iyengar, St John's Medical College Hospital, Bangalore, Indian Heart J. 2003 Sept-Oct; 55(5) Abstract Issue.
- Left Atrial Size and Volume in Correlation With Left Ventricular Mass, Diastolic Dysfunction and Cardiovascular Risk Burden, AR Shenoy, K Varghese, SS Iyengar, St John's Medical College Hospital, Bangalore, Indian Heart J.

- 2003 Sept-Oct; 55(5) Abstract Issue
- Gross left ventricular voltage with preexcitation in isolated left ventricular non-compaction, Shenoy AR, Naik GD, Varghese K, Shetty GG, Iyengar SS, St. John's Medical College Hospital, Bangalore, J Association Physicians India. 2003 Oct; 51:1017-20.
  - Illness increased in children's for Hot summer. By, DR. ANAND R SHENOY, Senior Consultant - Interventional Cardiology, Manipal Hospital Sarjapura. [Click Here](#)
