MDS

Overview

Dr. Roshan Uthappa is an experienced endodontist and restorative dentist in Bangalore with over 25 years of dedicated experience in the field of dentistry, specialising in Endodontics. He is currently practising as a Consultant - Endodontist at Manipal Clinic Indiranagar. With a rich academic background and a strong clinical foundation, Dr. Roshan has consistently demonstrated a commitment to excellence, patient care, and the advancement of dental education and practice. Dr. Roshan commenced his academic journey in dentistry with a Bachelor of Dental Surgery from the University of Mysore, graduating in 1993. Driven by a profound interest in restorative dental sciences and a passion for precision, he further pursued a post-graduation degree in Endodontics at Bangalore University, completing the programme in 1998. His academic training laid a strong foundation for a career marked by both clinical mastery and scholarly contribution. Dr. Roshan is known for his expertise in Endodontics where he continually kept pace with emerging technologies, materials, and methodologies. He is proficient in single-visit root canal treatments, re-treatment of failed endodontic cases, fractured tooth reattachment, and aesthetic dental

corrections. His meticulous approach ensures high treatment success rates while maintaining patient comfort and satisfaction. Every procedure is rooted in evidence-based dentistry and customised for each patient's needs. Over the course of his professional life, Dr. Roshan has amassed a diverse and enriching experience, having served in various esteemed institutions across India and abroad. These roles not only involved mentoring undergraduate and postgraduate students, but also contributed actively to the development and management of the departments he was associated with. Dr. Roshan combines technical excellence with a deep commitment to patient well-being. His thorough and informative consultations empower patients with clear explanations and collaborative treatment planning. Patients consistently appreciate his gentle demeanour, attention to detail, and the confidence he brings to complex dental procedures. His journey reflects a lifelong dedication to the profession, as he continues to seek new challenges and opportunities that further enrich his professional journey. Beyond his clinical expertise, Dr. Roshan is valued for his interpersonal skills and compassionate patient interactions. He speaks English, Hindi, Kannada, Telugu, Tamil, Malayalam, Kodava, and Arabic. His multilingual proficiency allows him to build meaningful relationships with patients from diverse backgrounds, ensuring clear communication and a welcoming environment.
