

DR. P. SREENIVASA RAO

Consultant – Obstetrics, Gynaecology & Gynaecologic Oncology

Qualification

MBBS | MD | DNB | FICRS

Overview

Dr. P. Sreenivasa Rao is a highly accomplished OBG and gynaecologic oncology specialist in Manipal Clinic Indiranagar, Bangalore. He's currently practising as a Senior Consultant – Obstetrics, Gynaecology & Gynaecologic Oncology at Manipal Clinic Indiranagar, Bangalore. Dr. Rao brings over three decades of distinguished clinical expertise to the care of women across all age groups, with a special focus on gynaecologic cancers, complex gynaecology, high-risk obstetrics, and minimally invasive surgical care. Widely regarded as one of the best gynaecologists in Bangalore, he is known for his exceptional diagnostic acumen, surgical proficiency, and compassionate patient-centred approach to women's health. With more than 30 years of experience, Dr. Sreenivasa Rao's career reflects a rare combination of academic depth, clinical leadership, and surgical mastery. An alumnus of the prestigious Armed Forces Medical College (AFMC), Pune, he has undergone extensive training in Gynaecologic Oncology, enabling him to provide comprehensive care to women diagnosed with cancers of the reproductive system. His expertise spans the management of ovarian, cervical, uterine, vulvar, and vaginal cancers, along with pre-

cancer screening, precision-based diagnostics, and advanced treatment planning. At Manipal Clinic Indiranagar, Bangalore, his practice encompasses holistic women's care, from adolescence through reproductive years and menopause, addressing the full spectrum of gynaecological needs. He specialises in minimally invasive laparoscopic and robotic surgeries, fertility-preserving and onco-fertility procedures, and complex pelvic surgeries that demand high surgical skill. As a recognised Fellow of the International College of Robotic Surgeons, he is strongly committed to advancing modern surgical solutions that offer shorter recovery, reduced pain, enhanced precision, and better clinical outcomes for women. A strong believer in evidence-based care, Dr. Sreenivasa Rao has contributed to national and international medical journals and actively promotes best clinical practices in women's health. His approach is grounded in thorough evaluation, transparent communication, and shared decision-making with patients and families. For patients navigating cancer or high-risk conditions, this clarity and emotional support become an integral part of their healing journey. His extensive experience, coupled with a calm and reassuring demeanour, has earned him trust among patients seeking the best gynaecologist in Bangalore for complex or sensitive health concerns. Women consulting Dr. Rao can expect comprehensive management of high-risk pregnancies, menopausal health, menstrual disorders, fibroids, endometriosis, infertility and fertility-preserving strategies, preventive screenings, and cancer-focused care. He places strong emphasis on early detection, timely intervention, and personalised treatment roadmaps, ensuring that patients receive care tailored to their health goals, stage of life, and long-term wellbeing. Fluent in English, Hindi, Telugu, Kannada, and Tamil, he connects with women and families across linguistic backgrounds, ensuring comfort and clarity during consultations. His practice philosophy centres around dignity, respect, and providing every woman with the knowledge and guidance needed to make informed decisions about her health. Dedicated, experienced, and deeply committed to improving

women’s healthcare standards, Dr. P. Sreenivasa Rao continues to be recognised among the best gynaecologists in Bangalore, valued for his clinical excellence, surgical expertise, and unwavering focus on women’s wellness and cancer care.
