

DR.MUKUL R. FULMALI

Consultant - Interventional Cardiology

Qualification

MBBS | M.D. General Medicine | D.N.B. Cardiology

Overview

Dr. Mukul R. Fulmali is an accomplished interventional cardiologist practising in Bengaluru, with over 17 years of medical experience and specialised expertise in cardiology. He completed his MBBS at Maharashtra University of Health Sciences in 2004, followed by an MD in Medicine from Jiwaji University, Gwalior, in 2011. He later earned his DNB in Cardiology from the National Board of Examinations in 2018, solidifying his advanced training in interventional cardiology and cardiac medical care. His clinical focus includes interventional procedures, congenital heart conditions, and comprehensive management of cardiovascular diseases. Patients consistently commend his compassionate approach and dedication to delivering the best outcomes. Beyond clinical practice, Dr. Fulmali has presented papers at national and international cardiology conferences, contributing to the advancement of cardiac science. He is an active member of the Cardiology Society of India, reflecting his commitment to professional excellence and continuous learning.
