

DR. MARIAM FAZAL

Associate Consultant - Dental Medicine

Qualification

MDS

Overview

Dr. Mariam Fazal is a skilled orthodontist and dentofacial orthopaedist in Bangalore. She is currently practising as an Associate Consultant – Dental Medicine at Manipal Clinic Indiranagar, Bengaluru. With over four years of clinical experience, she specialises in creating healthy, functional, and confident smiles through personalised orthodontic treatment for both children and adults. Combining evidence-based dentistry with the latest orthodontic technologies, Dr. Mariam is recognised for her meticulous treatment planning, patient-focused approach, and expertise in managing both simple and complex orthodontic cases. Her commitment to delivering exceptional outcomes has earned her recognition as one of the best orthodontists in Bangalore. Dr. Mariam completed her Bachelor of Dental Surgery (BDS) from Oxford Dental College and Hospital, where she graduated with distinction in her final year after extensive clinical training across multiple dental specialities. She subsequently earned her MDS in Orthodontics and Dentofacial Orthopaedics from D.A. Pandu Memorial R.V. Dental College, Bengaluru. She is also a Certified Invisalign Provider, experienced in both extraction and non-extraction

orthodontic treatment. At Manipal Clinic Indiranagar, Dr. Mariam Fazal manages a diverse clinical suite addressing comprehensive structural jaw anomalies. She manages a diverse range of orthodontic cases involving skeletal discrepancies, missing teeth, periodontal concerns, and multidisciplinary rehabilitation, ensuring comprehensive treatment tailored to each patient's unique needs. Dr. Mariam is actively involved in academic research and continuing dental education. Her postgraduate dissertation explored the association between the ADAMTS9 gene polymorphism and mandibular retrognathism in the South Indian population. She has presented scientific papers and posters at national orthodontic conferences and has completed advanced certification programmes in biomechanics, Damon systems, Pitts philosophy, Invisalign, and temporary anchorage devices. Her commitment to continuous learning enables her to incorporate the latest advances in orthodontics into everyday clinical practice. Fluent in English, Hindi, Urdu, and Kannada, Dr. Mariam believes in building strong relationships with patients through clear communication, compassionate care, and patient education. Her dedication to precision, innovation, and personalised orthodontic treatment has earned her the trust of patients seeking high-quality dental care. Dr. Mariam is committed to helping every patient achieve a healthy, functional, and confident smile. Her expertise, patient-first approach, and advanced orthodontic training make her one of the best orthodontists in Bangalore for children, teenagers, and adults seeking modern orthodontic care.
